BRIGHT FROM THE START

Pre-K Program 2023 - 2024 School Year Pre-K Providers' Operating Guidelines

The *Georgia Department of Early Care and Learning (DECAL) 2023 - 2024 School Year Pre-K Providers' Operating Guidelines* are effective July 1, 2023. Key program components are listed in the Table of Contents for easy reference.

This document outlines the requirements and regulations for operating a Georgia's Pre-K Program. To ensure program compliance and quality service, all Pre-K providers must be familiar with and implement these guidelines. This document is intended to provide clarity and to offer guidance to current and new Pre-K providers.

Guidance regarding class size for the 2023 – 2024 school year:

DECAL is conducting a pilot during the 2023 – 2024 school year for reducing the Pre-K class size from 22 to 20 students. Continuation classrooms are encouraged to serve a maximum of 20 students; however, these classrooms can serve up to 22 students. New classrooms should serve a maximum of 20 students. Full funding will be provided to classrooms serving 20 -22 students. Programs should plan on a maximum class size of 20 students for the 2024 – 2025 school year.

1.0 General Program Operations and Services Information

1.1 Purpose

The purpose of Georgia's Pre-K Program is to provide a minimum of 180 full days (6.5-hours of instructional services per day; 1170 total hours per year) of high quality educational/instructional services to eligible four-year-old children.

1.2 Dates of Service

The 2023 - 2024 school year for Georgia's Pre-K Program will operate within the dates stated in the grant agreement.

1.3 Days of Service

The required days of service for the 2023 - 2024 school year is 190 days, which includes 180 instructional days for students and 10 days of Pre-K professional development/ planning days (pre- and post-planning, staff development, Pre-K training, in-service days) for staff. Pre-K staff cannot be used to provide services unrelated to Pre-K during the 190-day school year during the day.

Each program is required to submit a calendar into the Pre-K Application and Database system (PANDA) for approval. The Pre-K program calendar must document 180 days of student instructional days or the equivalent instructional hours (1170 hours). If a program is unable to provide the required instructional time, then the provider's Pre-K payment will be prorated based on the number of instructional days provided. In addition to the student instructional days, programs must document the additional 10 professional development/planning days for staff. Any concerns or issues regarding meeting the required days of service should be referred to the program's regional Pre- K Specialist for resolution.

Programs without approved plans for providing the required instructional and planning time could be in jeopardy of losing funding.

2.0 Child/Family Eligibility

2.1 Age Requirement

Children must be four years of age on September 1, 2023, based on acceptable documentation, such as birth certificates, certificates of live birth, passports, official medical documents, legal documents, or official documents from other countries. Only children whose birthdates are from September 2, 2018, through September 1, 2019, are eligible for participation in the 2023 - 2024 school year. **Proof of age eligibility must be on file the day the child begins the Pre-K program.** Payments to Pre-K providers will be reduced for children without age documentation on file the first day of school.

A child who is five years of age on September 1, 2023 and has not attended Georgia's Pre-K Program as a four-year-old, may enroll in the Pre-K program. Parents and teachers are encouraged to consider the child's date of birth, physical maturity, emotional maturity, and prior experiences when making the decision to enroll the child in the Pre-K program at age four or age five.

If a child enrolls as a four-year-old, and the family elects to withdraw the child within the first 30 calendar days of enrollment, the family may withdraw the child, and the child may be eligible to enroll in Pre-K the following year if the local enrollment policies allow.

If a child is not served as a four-year-old, then the child may be eligible to attend the Pre-K Program as a five-year-old. However, programs may choose to deny enrollment into their Pre-K program for children who are age eligible for kindergarten. Parents should check the enrollment policies of local programs before enrolling their child. If enrolled, parents of children who are five years of age on September 1, 2023, and age eligible for kindergarten will be asked to sign a **Parent Acknowledgement Form (Appendix A)** indicating that the child did not previously attend Georgia's Pre-K Program for longer than 30 days. The Parent Acknowledgement Form is available in multiple languages at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre-K>. Children who are six years of age on September 1, 2023 and are age-eligible for first grade are not eligible for enrollment in Georgia's Pre-K Program.

2.2 Residency Requirement

The child must be a Georgia resident. For purposes of this program, Georgia resident is defined as a child who resides in the state of Georgia. **Proof of residency should be part of a child's on-site file prior to or on the first day of Pre-K.** When documenting residency, Pre-K providers should refer to the policy of the local school system regarding appropriate documentation. Examples of proof of residency include the following: current lease, property tax notice, homeowner's insurance bill, mortgage statement, current vehicle registration form, letter from shelter, letter from employer if employer provides housing, any utility bill listing the residence as the service address, and current PeachCare eligibility documents (PeachCare card or eligibility letter) for the child.

A cell phone bill or a driver's license is **not** acceptable proof of residency. If a student's family is living with someone else, parents should provide a notarized affidavit from the property owner stating where the child's family is residing, plus a copy of the property owner's proof of residency (any items listed above). Active duty military families can support Georgia residency with a copy of official military orders verifying Georgia residency during the school year.

2.3 Parent Requirement

A parent must agree to send the child to the Pre-K program for 6.5-hours of instructional time for the full school year. A child who is chronically tardy or absent without a reasonable excuse can be disenrolled from the program. A child who is not enrolled in the extended day program and is not picked up at the end of the Pre-K day on a regular basis can be disenrolled (see Section 3.10.)

2.4 Category One Definition

Category One eligibility is defined as the child's and/or family's participation in one of the following: Supplemental Nutrition Assistance Program (SNAP), SSI (Supplemental Security Income), Medicaid, Temporary Assistance to Needy Families (TANF), or Child and Parent Services (CAPS) program.

Documentation of participation must be verified and kept on file for review. Children in foster care and children who participate in the free and reduced meal program through the school that they attend may also be eligible to qualify as Category One status. Income verification must be kept on file for children who participate in the free and reduced meal program.

2.5 Category Two Definition

Category Two status are those who do not meet the requirements for Category One eligibility.

3.0 Enrollment

3.1 Open Enrollment

Enrollment for the program must be open and nondiscriminatory. Children cannot be denied participation in educational programs on the basis of race, color, or national origin (Title VI of the Civil Rights Act of 1964); sex (Title IX of the Educational Amendments of 1972 and Title II of the Vocational Education Amendment of 1976); or disability (Section 504 of the Rehabilitation Act of 1973 and The Americans with Disabilities Act of 1990).

Georgia's Pre-K Program is a universal preschool program. A universal program is open to all children who meet the age and residency requirements (four-year-old on September 1st and reside in Georgia). The definition and implementation of enrollment policies are developed by individual providers. Enrollment policies should address exactly how students are chosen for participation in the Pre-K Program. Acceptable enrollment selection processes include first-come, first-served and a lottery drawing. Policies should include procedures for enrollment of siblings/multiple births. Enrollment policies cannot prioritize children based on the family's income. Written enrollment policies should be made available to parents and kept on-site for review by DECAL staff.

Procedures for how students are assigned to Pre-K classrooms should also be included in the written enrollment policies. Programs are encouraged to provide specific procedures regarding enrollment periods, attendance zones, placement of siblings in same or different classes, and other critical issues related to enrollment.

Providers cannot require the following as a condition of enrollment:

- Certificate of Immunization (Form 3231)
- Certificate of Vision, Hearing, Dental, and Nutrition Screening (Form 3300)
- Upfront payment of meal or extended day fees
- Participation in summer programs prior to starting Pre-K
- Verification of child's status related to Category One or extended day services
- Independent toileting skills (toilet trained)

Programs should consider the populations defined in the following sections while developing their enrollment policies: 3.2 Children Who are Experiencing Homelessness, 3.3 Children in Foster Care and 3.4 Children in Military Families. In addition, programs should review Section 3.5 Local School Attendance Zones when developing enrollment policies.

3.2 Children Who are Experiencing Homelessness

DECAL recognizes that children and their families who experience homelessness deal with challenges. Pre-K providers are encouraged to examine their existing enrollment policies to address families experiencing homelessness who are seeking to enroll a child in Georgia's Pre-K Program. Providers choosing to give priority to eligible children experiencing homelessness should clearly define this practice in their written enrollment policies. Providers should contact their Pre-K Specialist if guidance is needed for families who do not have access to enrollment and eligibility documentation.

Children who are experiencing homelessness (as defined by McKinney-Vento Homeless Assistance Act) are defined as individuals who lack a fixed, regular, and adequate nighttime residence. This includes children and youth who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in emergency or transitional shelters, motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations. This also applies to those that have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings; like cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings. This also applies to migratory children living in circumstances described in the above situations.

3.3 Children in Foster Care

Pre-K providers are encouraged to examine their existing enrollment policies to address families seeking to enroll a child, who is in foster care, in Georgia's Pre-K Program. Providers choosing to give priority to eligible foster children should clearly define this practice in their written enrollment policies. Providers should contact their Pre-K Specialist if guidance is needed for families who do not have access to enrollment and eligibility documentation.

3.4 Children in Military Families

A student whose parent or guardian is on active duty in the United States Armed Forces and has received official military orders to transfer into or within this state shall be eligible for enrollment, in the same manner and time as for students residing within the local school system, in the public school of the attendance zone in which he or she will be residing or in a public school authorized pursuant to Code Section 20-2-295, prior to physically establishing residency within the local school system, upon presentation of a copy of the official military orders to the local school system.

3.5 Local School Attendance Zones

A child who resides within the local school system, but not within the attendance zone of the specific school providing the Pre-K program, may not be denied service but may be placed on a waiting list until all children who do reside within the attendance zone of the specific school are enrolled. A child who resides within another local school system's attendance zone may not be denied service but may be placed on a waiting list until all children who do reside within the district are enrolled. Families may be required to pay out-of-district fees depending on local board of education policies.

3.6 Child Registration Forms

DECAL child registration forms must be used when registering a child for Georgia's Pre-K Program.

The Child Registration Form is available in multiple languages at

<http://www.dec.al.gov/BftS/FormList.aspx?cat=Pre-K>. A Parental Agreement Form is also available for

use, if needed. Providers should select the appropriate form(s) for their type of program. A parent or guardian must complete and sign a registration form for each child registering in the program. The complete child registration form should be filed in each child's file and kept on-site for review.

School districts that use the Infinite Campus Online Registration for registering students may use this process for registering Pre-K students. The online registration application must contain the same information as the Georgia's Pre-K Child Registration form.

3.7 Student Social Security Numbers

Social Security numbers are used to help identify students on rosters. Providers should request a copy of each enrolled student's Social Security card, however, parents cannot be required to submit the information. If a parent chooses not to submit the Social Security card, providers should ask the parent to complete the **Student Social Security Number Information Form (Appendix B)**. The Social Security Number Information Form is available in multiple languages at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre-K>. If the provider has a similar form, they may choose to use that form. A copy of each student's social security card or completed *Student Social Security Number Information Form* (or similar form) should be kept on-site for review by the Pre-K Specialist.

Providers should not ask all parents to complete the *Student Social Security Number Information Form* in lieu of requesting the Social Security card. The *Student Social Security Number Information Form* should only be requested when a parent chooses not to submit their child's Social Security card.

3.8 Waiting Lists

A waiting list shall be maintained at the site level for children that are not able to attend due to full enrollment. All families asking to be placed on the waiting list must complete all sections of the **Waiting List Information Form (Appendix C)**. The Waiting List Form is available in multiple languages at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre-K>. *Waiting List Information Forms* must be kept on-site and available to DECAL staff.

Entering waiting list information into PANDA is **mandatory**. Complete waiting list information must be reported with the first roster and updated each roster reporting period. Waiting list information is a key component in determining placement of new and expansion classes.

3.9 Category One and Category Two Designation After Enrollment

Children should not be identified as having a Category One or Category Two status at the time of registration; however, the Pre-K provider is responsible for determining Category One or Category Two designation after enrollment. All families should complete the **Roster Information Form (Appendix D)** which should be kept on site for review by the Pre-K Specialist. The Roster Information Form is available in multiple languages at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre-K>.

In addition, the provider should request appropriate documentation of Category One services (such as copies of cards with current dates, current statements, etc.) and maintain documentation in student files. Providers must report Category One designation on the roster after supporting documentation is received. Designation of Category One and Category Two status for children may be updated as needed during the

roster reporting periods.

3.10 Procedures for Student Attendance

Programs are required to have an approved student calendar and schedule. The schedule must include consistent arrival and dismissal times. In developing the schedule, providers should allow a five to ten minute drop off and pick up window outside of the 6.5 instructional day. The calendar and daily schedule must be provided to families as part of family orientation or upon enrollment.

Daily attendance records must be maintained on site and include the dates when a child is absent and the dates/times when a child arrives late, leaves early, or is picked up late. Attendance records should also indicate whether the child is absent, arrives late, or leaves early due to medical or other approved situations.

Attendance Issues

Children should attend the program on a regular basis and arrive and leave according to the program's approved schedule. Teachers should document attendance issues including the following:

- Absent more than two days per month without medical or other reasonable explanation
- Late arrival more than once per week (Programs should allow children that arrive late to attend class for the remainder of the day. Children should not be turned away regardless of their arrival time)
- Early departure more than once a week
- Late pick up more than once per week when child is not enrolled in extended day
- Documented attendance pattern(s), e.g., child is late every Monday or absent every Tuesday or leaves early every Friday

Addressing Chronic Attendance Issues

Pre-K providers must develop written procedures for addressing chronic attendance issues. The goal of the written procedures is to assist families in establishing and maintaining regular school attendance patterns. The procedures should include specific actions to be taken by the provider and how the program will work with families to resolve ongoing attendance concerns. For example, the procedures require a phone call to parents after three unexcused absences; a letter to parents from the director after five unexcused absences; a family meeting after six unexcused absences to determine the reason(s) for the absences and recommendations to improve attendance; referral to the Pre-K Specialist after ten unexcused absences. Procedures should be shared with families upon enrollment or as part of family orientation.

Providers are required to document their efforts assisting families to help resolve attendance issues. A meeting with the parent/guardian should occur to determine the reason(s) for the problem and identify ways to resolve the problem. Inability to resolve the problem after documented interventions should be referred using the **Chronic Absenteeism or Tardiness Form (Appendix F)** for disenrollment consideration. Requests should be submitted in writing to the program's Pre-K Specialist.

Consecutive Absenteeism

Children who do not attend class for 10 consecutive days without a medical or other reasonable explanation **must** be removed from the roster. DECAL approval is not needed; however, the program is responsible for reporting student end dates on the roster. The end date is defined as the last

day the child physically attended the program.

A student whose parent or legal guardian is in military service in the Armed Forces of the United States or the National Guard, and such parent or legal guardian has been called to duty or is on leave from overseas deployment to a combat zone or combat support posting, shall be granted excused absences, up to a maximum of five additional school days per school year, for days missed from school to visit with his or her parent or legal guardian prior to the parent's or legal guardian's deployment or during the parent's or legal guardian's leave. Families shall provide a written statement for the child's file to document the absence.

3.11 Health Services

Health screenings are necessary for Georgia's Pre-K students so that any problems that might interfere with the child's ability to learn can be identified and addressed as soon as possible. All programs should ask parents the date of their child's last preventive health visit and provide a referral if the child is due for a visit.

Additional verification is required for Category One children. The Georgia Department of Community Health's guidelines require that any child eligible for Medicaid or PeachCare have a preventive health visit at ages four and five with their primary care provider (PCP) that includes a history, physical examination, anticipatory guidance, appropriate immunizations, appropriate laboratory test and other screenings. Therefore, programs should verify that Category One children have visited their PCP prior to entering Georgia's Pre-K. If a child has not had a visit, the Pre-K program should provide appropriate referrals and follow-up with parents of Category One children.

3.12 Certificate of Vision, Hearing, Dental, and Nutrition Screening

All children attending Georgia's Pre-K Program must have a Certificate of Vision, Hearing, Dental, and Nutrition Screening (Georgia Department of Public Health Form 3300). The vision, hearing, dental, and nutrition screenings reported on Form 3300 must have been conducted within 12 months prior to the start of the Pre-K program.

Children may register and begin attending Pre-K prior to completion of these screenings and issuance of a Form 3300 certificate. However, the Certificate of Vision, Hearing, Dental, and Nutrition Screening indicating that children have completed these screenings must be on file within 90 calendar days of the start of the Pre-K program. A completed form includes a checked box and screener's signature in each section. Any child who does not have a completed certificate within the 90-calendar day period may not return to the program until a certificate is provided and is on-site. If a family presents a valid appointment card for a 3300 appointment, the child can remain in the program until the date of the appointment.

Form 3300 is intended to ensure that every child in Georgia is screened for potential problems with their vision, hearing, teeth and nutrition. If the 3300 is marked Needs Further Professional Examination, families should be asked to take the child to a professional for a more detailed evaluation. Parents should provide documentation indicating their follow-up efforts. Providers should maintain follow-up documentation on site (i.e., updated certificate, doctor's notes, scheduled appointments, information from parents, etc.). Programs should contact their Pre-K Specialist for guidance in addressing families who fail to provide the appropriate follow-up after the program has made multiple attempts to obtain the information.

When children enter the program later in the year, the Pre-K provider shall make every effort to obtain the

Certificate of Vision, Hearing, Dental, and Nutrition Screening as soon as possible to identify any follow-up needed. Waiting 90 days to obtain the 3300 for children who enroll later in the school year may not leave sufficient time to identify problems that could hinder the child's ability to learn.

3.13 Certificate of Immunization

All children attending Georgia's Pre-K Program must have a Georgia Department of Community Health Certificate of Immunization (Form 3231).

Children may register and begin attending before issuance of Form 3231. However, form 3231 must be on file within 30 calendar days of the start of the program. Any child who does not have a completed certificate within the 30-calendar daytime frame may not return to the program until a certificate is provided and is on-site. If a family presents a valid appointment card for a 3231 appointment, the child can remain in the program until the date of the appointment. A valid Form 3231 must have either the *Date of Expiration* or Complete for *School Attendance* box marked.

Expired certificates must be updated within 30 calendar days of the expiration date. Any child who does not have a completed certificate within the 30-calendar daytime frame may not return to the program until an updated certificate is provided and is on-site. If a family presents a valid appointment card for a 3231 appointment, the child can remain in the program until the date of the appointment. An updated certificate, or another appointment card should be provided upon the child's return to the program.

Immunization Exemptions

Georgia law allows for two types of exemptions from the immunization requirements: medical and religious.

Medical exemptions are used when it is deemed medically necessary for the health of a child. A medical exemption must be marked on Form 3231. A letter from a physician, advanced practice registered nurse, or physician assistant attached to the certificate will not be accepted as a medical exemption. It must be marked on the certificate. Medical exemptions are valid for a one-year period.

Families may object to vaccinations on religious grounds by filing an affidavit noting their objection. The only affidavit that may be used to register a religious objection to required vaccinations is the Georgia Department of Public Health (DPH) Form 2208. Religious affidavits must be notarized and kept on file. The affidavit does not expire.

4.0 Classroom Requirements

4.1 Approved Curricula

The Georgia Early Learning and Development Standards (GELDS) form the foundation for Pre-K classroom instruction (see www.gelds.decal.ga.gov for more information). The GELDS are correlated to Georgia's Kindergarten Performance Standards and to the Work Sampling System assessment indicators, thus promoting a seamless educational program for early learning. The Pre-K provider must provide a complete educational program in accordance with age-appropriate instructional practice and use a DECAL approved curriculum to enhance and supplement the GELDS.

Approved curricula are intended for use as a resource in planning age-appropriate instruction that aligns with

the GELDS. All Georgia’s Pre-K requirements such as those outlined in the Instructional Guide (IQ) for Planning Instruction, IQ Guide for the Daily Schedule and the IQ Guide for the Learning Environment must be met.

The list of approved curricula for the 2023 - 2024 school year is below.

Curriculum	Company
Alpha Skills Pre-K Curriculum	Alpha Skills, Inc
Beyond Centers and Circle Time	Kaplan Early Learning Company
Creative Curriculum for Preschool	Teaching Strategies, LLC
Connect4Learning: The Pre-K Curriculum	Kaplan Early Learning Company
Frog Street – EXCEL Pre-K	Frog Street Press, LLC
Frog Street Pre-K	Frog Street Press, LLC
High Scope Preschool Curriculum	High Scope Educational Research Foundation
InvestiGator Club: Prekindergarten Learning System	Robert-Leslie Publishing, LLC
Ready to Advance Early Learning Program	Benchmark Education Company, LLC
We Can Early Learning Curriculum	Voyager Sopris Learning, Inc
WINGS: The Ideal Curriculum for Children in Preschool	WINGS Curriculum, LLC

Guidelines for Choosing a Curriculum

Each Pre-K program must choose an approved curriculum; purchase the curriculum; and provide staff training associated with the curriculum. DECAL does not provide additional funding for purchasing a curriculum nor the required training. Providers may use their existing Pre-K budget to purchase a curriculum. It is recommended that providers explore content, costs, and hours of training needed when considering a curriculum. Additional information about each curriculum is available on the DECAL website <http://dec.al.ga.gov/Prek/Curriculum.aspx>

Newly funded Pre-K programs will be required to select a specific curriculum after a grant agreement is awarded. Programs must submit a **Curriculum Selection Form (Appendix G)** to their Pre-K Specialist within one month of being funded. Start-up funds may be used for purchasing curriculum.

Continuation programs may request to change their curriculum by submitting a **Curriculum Selection Form (Appendix G)** to their Pre-K Specialist. If the change request is approved, the program will be notified of the approval via e-mail.

4.2 Locally Developed Curriculum

Pre-K providers desiring to use a locally developed curriculum must submit the curriculum for approval through the curricula review process. This process takes place every five to seven years. DECAL must approve any locally developed curriculum before it is implemented in a program.

4.3 Supplemental Curriculum

DECAL must approve the use of any supplemental curriculum. Pre-K providers must submit written requests for approval to their Pre-K Specialist. Written approval of the supplemental curriculum

from DECAL must be kept on-site for specialist review.

4.4 Montessori Curriculum

A Pre-K program must have approval from DECAL before choosing Montessori as a curriculum. Requests for using a Montessori curriculum should be sent to the program's Pre-K Specialist. Refer to Section 25.0 for additional Montessori information.

4.5 Religious Instruction

No part of the Pre-K instructional day may be religious in nature. If an approved curriculum has both a secular and religious version, the secular version must be utilized in the Pre-K program. Programs may choose to offer religious instruction outside of the Pre-K instructional day. No Pre-K funding may be utilized for religious instruction.

4.6 Lesson Plans

Written lesson plans containing specific instructional activities are required for a minimum of 6.5-hours per day. Lesson plans are expected to be completed prior to the start of each week and kept on-site for the entire school year. Lesson plans should be kept organized and easily accessible for specialist review. Current year lesson plans may be reviewed by the Pre-K Specialist during site visits.

The lesson plans should be based on the Georgia Early Learning and Development Standards (GELDS) and include educational experiences in physical development and motor skills; social and emotional development; approaches to play and learning; communication, language and literacy; and cognitive development and general knowledge (math, science, social studies, creative development, and cognitive processes). Teachers should also have a plan for transitions throughout the day. Corresponding GELDS indicator(s) should be included on the lesson plan with each of the planned instructional activities. Outside play should be included in the written lesson plans. Meals and rest time will make up a portion of the 6.5-hour instructional day.

Lesson plans should reflect differentiated instruction based on the individual needs of all the children in the class, including children with disabilities. Goals and objectives from a student's Individualized Education Program (IEP) should be used when planning instruction.

DECAL provides lesson plan templates for teachers to utilize. These templates are not required but recommended because they document the required Pre-K instructional activities. The lesson plan templates, and sample copies of lesson plans are located at <http://www.decal.ga.gov/Prek/Planning.aspx>. All required lesson plan components must be present if providers choose not to use DECAL lesson plan templates.

Providers should refer to the ***Instructional Quality (IQ) Guide for Planning Instruction (Appendix T)*** for additional clarifications, information, and guidance in instructional planning.

4.7 Assessment

All Georgia's Pre-K Programs are required to implement the *Work Sampling System*. All programs are required to use the online version *Work Sampling Online* (WSO). Providers requesting to utilize any supplemental assessments must submit the request in writing to their Pre-K Specialist.

Lead teachers are required to maintain copies of the Narrative Summary Reports and Developmental

Checklists. Documentation gathered in the form of notes, matrices, and photos will be uploaded and stored online. Work samples may be uploaded (recommended) or kept in each child's assessment folder. Teachers who choose not to upload work samples must enter a description and classification of work samples online as well as filing the actual work sample in the child's assessment folder. Assistant teachers should work with lead teachers to collect documentation to support assessment. However, it is the responsibility of the Lead Teacher to ensure documentation is entered and ratings are made in the Work Sampling Online system.

The following student assessment data must be retained for a minimum of three years as specified in the grant agreement:

- *The Work Sampling System P-4 Developmental Checklist*
- *Work Sampling Online Narrative Summary*
- Documentation of Family Conferences.

Assessment Requirements for New Teachers

New teachers (who have never taught in Georgia's Pre-K Program) will receive training on Work Sampling Online when they attend New Teacher Training. From the beginning of school until completion of training, new teachers should gather assessment documentation on children through observational notes, work samples, matrices, and photos. New teachers who do not receive training until after the fall rating period, are required to complete only the narrative portion of the Georgia's Pre-K Progress Report.

4.8 Family Participation

The Pre-K provider should provide opportunities for families to participate in their child's educational experience. Research shows that active family participation in children's learning experiences contributes to success in school. Families should be encouraged to volunteer their time, talents, and experiences in the classroom. The Pre-K provider and families should maintain open communication throughout the school year and conduct parent meetings as needed.

Family Conferences/Sharing Assessment Information with Families

Information on each child's performance, including the *WSO Narrative Summary*, should be shared with parents or guardians at two documented family conferences required during the school year. Documentation of these conferences should be kept in each child's on-site file.

4.9 Basic Classroom Equipment, Materials and Supplies

Pre-K providers must maintain adequate and appropriate equipment, materials, and supplies for each Pre-K classroom. All equipment must be in good repair. Pre-K providers should refer to the ***Georgia's Pre-K Program Basic Equipment, Materials, and Supplies Inventory List for recommendations (Appendix H)***.

4.10 Record Keeping

Current year records must be maintained at the Pre-K site. The Pre-K provider must retain the following records for a minimum of **three** years as specified in their grant agreement for Pre-K services:

- Pre-K Child Registration form
- Student Roster Information form
- Daily child attendance records
- Class enrollment rosters

- Age documentation
- Residency documentation
- Assessment information (see Section 4.7)
- Documentation related to suspension and/or disenrollment
- Parent orientation and conference documentation
- Category One documentation
- Receipts and other financial records supporting expenses charged to Pre-K program (see Section 20.0)

5.0 Delivery of Services

5.1 Program Administration and Supervision

Each Georgia's Pre-K program must designate an administrator to serve as Project Director. Each separate site housing Georgia's Pre-K classes must have an individual designated to serve as Site Director. The Site Director should be located on site at the Pre-K facility during the 6.5-hour instructional day. The designated Site Director can have other duties but should be able to focus on the operation of the program during the 6.5-hour day. Persons with other responsibilities such as teaching in another classroom or preparing meals may not serve as Site Director. A Pre-K Lead Teacher or Assistant Teacher may not also serve as Project Director or Site Director.

5.2 Classroom Delivery

Each Georgia's Pre-K classroom must have the following:

- Licensed classroom space for class size (20-22 students)
- Licensed playground space for class size (20-22 students)
- Lead teacher with approved credential
- Assistant teacher with approved credential
- A minimum of 20 and a maximum of 22 children enrolled. Full funding is based on a class of 20 – 22 students.
- Regardless of the number of children in attendance, two adults (lead teacher, assistant teacher, and/or substitute) must be present and actively involved with children during the entire 6.5-hours of instructional time each day of operation, apart from the one-hour rest time.
- Approved equipment, materials, and supplies.

5.3 Program Delivery

The Pre-K program will provide 6.5-hours of instructional time, a minimum of 180 days per year for eligible children. Pre-K providers are required to develop a school year calendar that accounts for 190 days including a minimum of 180 days of instruction to children and 10 days of Pre-K related activities/duties for teachers (pre- and post-planning, staff development, Pre-K Training, in-service days). Set up and take down of the Pre-K classroom are expected to happen during pre- and post-planning days. Any changes to this requirement must be approved in writing by the program's Pre-K Specialist (see Section 1.3).

5.4 Orientation

Programs are required to provide an orientation for all teaching and administrative staff and an orientation for families within 20 working days of commencement of Pre-K services for children. The school year calendar should be shared with Pre-K staff and with families during orientation meetings.

During family orientation, parents should receive written information concerning meal and extended day charges, including charges during times when children are out of school for holidays. While not required, DECAL recommends that providers explain their Pre-K policies and procedures and have parents sign a statement that they received these policies and procedures in writing. Orientation provides an excellent opportunity for parents to complete the Roster Information Form (Appendix D) which captures gender, race/ethnicity, English language proficiency, and special education participation. Documentation of these orientation sessions should be available in on-site program files.

See **Appendix I** for Suggested Topics to Discuss at Parent Orientation. See **Appendix J** for Suggested Topics to Discuss at Pre-K Staff Orientation.

5.5 Licensing

The facility must meet the licensing requirements of the appropriate licensing agencies. At a minimum, the license must cover the 6.5-hour instructional program.

5.6 Substitutes

The Pre-K provider must ensure that a substitute lead teacher and/or substitute assistant teacher is present and working in the Pre-K classroom for each day that a lead teacher and/or assistant teacher is absent due to illness, required training, personal leave, etc. Refer to Section 14.0 for additional information.

5.7 Rest Time

Programs must provide a designated rest time for children each day. To maximize instructional activities, rest time cannot exceed one hour per day except when necessary to address specific needs of individual children. Children who do not rest shall be given quiet activities such as books and puzzles. All children must have a covering (sheet) on their individual rest equipment (mat or cot) and a covering (blanket or sheet) for themselves. These items may be purchased with Pre-K funds or families may choose to supply them. During the scheduled rest period, one adult providing direct supervision to all students is acceptable. For additional information regarding rest time, refer to the IQ Guide and FAQ for the Daily Schedule.

5.8 Program/Staff Hours

The 6.5-hours of instructional time should begin no earlier than 7:30 a.m. with hours of operation as delineated in the original approved application. The remaining working hours of the lead teacher and assistant teacher day must be used for Pre-K program activities such as family conferences, meetings, instructional planning, documenting children's progress, maintaining assessment portfolios, etc. Inappropriate duties for Pre-K teachers (lead and assistant) during the workday include, but are not limited to, bus driver, office manager, cook, and receptionist. Inappropriate use of Pre-K staff is unacceptable and may place the program on probation. This includes using staff during the Pre-K day to supervise children not enrolled in Georgia's Pre-K Program.

5.9 Transportation

Transportation services are optional and may be provided for enrolled Pre-K children at the discretion of the Pre-K provider. Transportation reimbursement shall be provided for any child with a Category One status transported to and from the program on a routine basis as reported on rosters (see Section 19.1 for reimbursement rate). The Pre-K provider may establish reasonable transportation zones. Inaccurately reporting a child for transportation reimbursement will result in a reduction in payments and/or probation.

Field trips are considered part of the instructional program and are not considered transportation for purposes of reporting or funding.

5.10 Extended Day (Before and After School Care)

DECAL does not require Pre-K programs to provide extended day services. Extended day services for Pre-K children may be provided at the parent's expense and choice. DECAL recommends that fees for extended day services not exceed \$35-\$75 per week.

Families who meet income and activity requirements may receive assistance with the cost of extended day services through the Childcare and Parent Services (CAPS) program. These arrangements should be made between the family and the CAPS program. Families requesting assistance with child care costs should apply online through Georgia Gateway at www.Gateway.ga.gov and upload the CAPS Pre-K Referral Form (**Appendix K**) with their application. The CAPS Pre-K Referral Form is available in multiple languages at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre K>

5.11 School Closures and Make-up Days

Inclement Weather Closure

State policy allows systems to cancel up to four instructional days without scheduling make-up days. Additionally, if the Governor declares a State of Emergency for the area, then the closure days are not required to be rescheduled.

When inclement weather results in the cancellation of instructional days that must be made up, Pre-K providers will be responsible for determining how to reschedule the days that were canceled. Providers should review their school calendar and determine the best method for making up instructional days. Generally, programs are encouraged to follow the make-up calendar for their local school system. Additional options for make-up days include:

- Converting a portion of the remaining teacher professional development days to student instructional days
- Converting a portion of planned holidays or breaks to instructional days
- Adding additional instructional days to the end of the school year calendar

It is not necessary for programs to update their program calendar in PANDA; however, programs must give parents and assigned Pre-K Specialist(s) written notice of any changes in the calendar.

Teacher Salaries

Pre-K payments are not adjusted for closures due to inclement weather or due to a State of emergency declared by the Governor; therefore, the minimum salary requirements for teachers must be met. Salary must

be paid to Pre-K Lead and Assistant Teachers, and providers must pay according to the established salary agreement between employer and employee.

5.12 Other Program Components

- A “moment of silence” is an acceptable practice at mealtimes.
- Lunch and snacks are part of the Pre-K program. Breakfast may be included at the discretion of the Pre-K provider but should be offered prior to the start of the 6.5-hour instructional day or as part of the instructional program (i.e., a teacher-directed language development time, a center-time activity, etc.).
- Weather permitting, supervised outdoor play should occur daily. See FAQ for Daily Schedule (http://dec.al.ga.gov/documents/attachments/FAQ_for_Daily_Schedule.pdf) for detailed information regarding outdoor play.

6.0 Student Support

Children grow and develop at their own rate. Although there is a general predictable sequence of milestones, they may not proceed through these stages in the same way or at the same time. A child's development is influenced by many factors including the child's environment and experiences. Visit <https://development.dec.al.ga.gov/#/> for more information on developmental milestones.

Once children have had the opportunity to acclimate to the Pre-K classroom environment, differences in skills and behavior may become apparent. A child may exhibit significant developmental, behavioral, or health concerns that require special considerations. Providers should work with their Pre-K Specialist to ensure that support services are provided to children and their families. Programs may also contact the Inclusion and Behavior Support Unit at DECAL (1-833-354-HELP or inclusion@dec.al.ga.gov) for coaching, training, or assistance with referrals to services.

6.1 Children with Identified Disabilities

A child who is age-eligible for the Pre-K program and is identified as eligible for special education and/or related services under the Individuals with Disabilities Education Act (IDEA) shall not be denied access to the Pre-K program. If a child is assessed and determined eligible for special education services, dual enrollment in public school system preschool special education classes and Georgia's Pre-K program is permitted.

6.2 Children with Developmental Concerns

Providers with concerns about a child's development should contact their Pre-K Specialist for support and guidance. Providers should ensure that appropriate instructional activities are planned to meet the needs of the individual children. The Specialist may recommend contacting the local school system's special education services department or the Inclusion and Behavior Support Unit at DECAL (1-833-354-HELP or inclusion@dec.al.ga.gov) for information regarding the referral process or assistance with classroom inclusion.

6.3 Children with Behavioral Concerns

Pre-K providers are encouraged to implement strategies in the classroom that prevent challenging behavior and support strong social and emotional development. Providers can request help in developing and implementing these strategies from their Pre-K Specialist and an Inclusion and Behavior Support Specialist. Providers that have implemented these strategies and still have concerns about a child's behavior should contact

the Inclusion and Behavior Support Unit at DECAL by calling the SEEDS Helpline (1-833-354-HELP or inclusion@decals.ga.gov) for more specific support and guidance as soon as possible. Classroom practices and individual child supports should be implemented within the program to help the child be successful before requesting more intensive interventions, such as modified day or extended suspension. An effective system of support should include the child, family, and teacher to ensure the child's success in the classroom environment.

6.4 Student Discipline

Georgia's Pre-K Program's policy regarding discipline is consistent with the Core Rules in the Rules for Child Care Learning Centers, Chapter 591-1-1-.11 (discipline) as follows:

- (1) Disciplinary actions used to correct a child's behavior, guidance techniques and any activities in which the children participate or observe at the center shall not be detrimental to the physical or mental health of any child.

- (2) Personnel shall not: physically or sexually abuse a child or engage or permit others to engage in sexually overt conduct in the presence of any child enrolled in the center; inflict corporal/physical punishment upon a child; shake, jerk, pinch or handle a child roughly; verbally abuse or humiliate a child which includes, but is not limited to, the use of threats, profanity or belittling remarks about a child or his family; isolate a child in a dark room, closet or unsupervised area; use mechanical or physical restraints or devices to discipline children; use medication to discipline or control children's behavior without written medical authorization issued by a licensed professional and given with the parent's written consent; restrict unreasonably a child from going to the bathroom; punish toileting accidents; force-feed a child or withhold feeding a child regularly scheduled meals and/or snacks; force or withhold naps; allow children to discipline or humiliate other children; and confine a child for disciplinary purposes to a swing, highchair, infant carrier, walker or jump seat.

Programs in need of support with appropriate guidance and classroom management practices should contact their Pre-K Specialist or the SEEDS Helpline (1-833-354-HELP) for assistance.

6.5 Immediate Suspension

DECAL strongly discourages the use of suspension with young children. Programs should contact the Inclusion and Behavior Support Unit by calling the SEEDS Helpline (1-833-354-HELP or inclusion@decals.ga.gov) for support prior to implementing a suspension for a child enrolled in Pre-K. However, an immediate suspension for no more than two days can be made if a child is causing an immediate danger to himself/herself or others. The purpose of immediate suspension is to allow the program an opportunity to plan for the child's re-entry and successful participation in the Pre-K program and should not be used as punishment. At the time of the immediate suspension, programs must contact the Inclusion and Behavior Support Unit at DECAL (1-833-354-HELP or inclusion@decals.ga.gov) for assistance with developing a plan to support a child's re-entry and successful participation in the Pre-K classroom. Programs should also schedule a conference with the child's family to discuss strategies and options. Document the conference including next steps and follow up as agreed upon by all parties.

Programs can implement immediate suspension up to two days at a time (**no more than five total days during the school year**) per child. No DECAL prior approval is needed; however, the program's Pre-K Specialist must be notified using the **Suspension Notification Form (Appendix E)**, that such action has been

taken within 24 hours. Programs must maintain ongoing communication with families and with the Inclusion and Behavior Support Unit anytime suspension is implemented.

If all five immediate suspension days have been used and a child is a danger to self, peers, or staff, the child may be sent home for the day while the program develops a plan for the child's successful return. Programs should use the following procedure:

- Contact the Inclusion and Behavioral Support Unit at DECAL (1-833-354-HELP or inclusion@decals.ga.gov) and notify their Pre-K Specialist immediately.
- Prepare all documentation of behaviors and intervention strategies used to address concerns. The documentation must state the behavior, how often the behavior occurs, the interventions used, and the child's response to the interventions.
- Documentation should also include support provided to the teacher to help the teacher address concerns (Inclusion and Behavior Support Specialists, resources, professional development, etc.).
- Schedule a meeting with the child's family, teacher, assigned Inclusion and Behavior Support Specialist and program administrator to discuss strategies and options. Document the meeting including next steps and follow up as agreed upon by all parties.

6.6 Extended Suspension

An extended suspension should only be considered when all other options have been exhausted. An extended suspension (i.e., more than two days at a time or more than five cumulative days) requires prior approval from DECAL. Programs must contact their Pre-K Specialist to discuss requests for extended suspension. Extended suspension without prior approval may result in probation.

Completed Extended Suspension Request Forms (form may be requested from the Pre-K Specialist) should be submitted via email to the program's Pre-K Specialist and include **Request for Extended Suspension** in the subject line.

Programs implementing an extended suspension should work with their Pre-K Specialist, Inclusion and Behavior Support Specialist and the family to create a plan to support the child's successful return to the Pre-K classroom.

6.7 Modified Day

A modified day (i.e., less than 6.5-hours of instructional time a day) requires prior approval from DECAL. A modified day should be used in conjunction with conferences with the child's family and targeted classroom interventions. Programs must contact their Pre-K Specialist to discuss a request for modified day. Completed **Modified Day Request Forms (Appendix W)** should be sent via email to their Pre-K Specialist and include **Request for Modified Day** in the subject line.

The period for modified day request should be as few instructional days as possible. Programs should work with their Pre-K Specialist, Inclusion and Behavior Support Specialist, and the family to plan for the child's successful return to the Pre-K classroom.

6.8 Disenrollment Procedures

Programs should contact their Pre-K Specialist to discuss procedures and documentation required for

submitting a request for disenrollment of a child from a Pre-K program. Disenrolling a child without prior approval may result in probation.

6.9 Requests for Children to Repeat Pre-K

DECAL will review requests for children to repeat Pre-K on a case-by-case basis. All such requests should be submitted in writing from the Pre-K Project Director and should include the following:

- Letter from the project director/principal stating reason(s) the student would be better served in Pre-K than in kindergarten
- Letter from the parents/guardians requesting that their child repeat Pre-K
- Written summary describing special education referrals, services a child is receiving, evaluations conducted, etc. Actual documents should not be submitted with the summary. If specific documents are needed for review, the program will be contacted to gain appropriate permission for release.
- Documentation to support the request to repeat Pre-K
 - Work Sampling Online (WSO) information:
 - Developmental Checklist
 - Narrative Summary
 - Teacher's recommendation, and/or doctor's recommendation
 - Interventions during the Pre-K program year

All requests to repeat Pre-K including supporting documentation must be received by DECAL by April 5, 2024. Requests received after this date will not be considered.

E-mail requests to: PreKInclusion@decals.ga.gov and include Request for Retention in the subject line of the email.

7.0 Family Support

7.1 Objectives

Support services are a vital component to the success of the Pre-K program. Project Directors are responsible for conducting the objectives (either directly or indirectly). The following objectives should serve as a guide for activities Pre-K providers should offer to Pre-K children and their families:

Overall Objectives:

- Health – No child should exit the Pre-K program with an undetected condition that could hinder his/her ability to learn. Any child with identified needs should be referred to the proper resource or agency for access to and coordination of services. Documentation of referrals should be kept on-site.
- Child Development – Family knowledge of the child's development and involvement in their child's educational experience should be enhanced through informational seminars, volunteer opportunities at the center/school, parent/center conferences, etc. Families should be encouraged to read to their children daily and complete activities with their children.
- Community Resources – Upon request, families should be provided information about community resources such as GED, TANF, PeachCare for Kids, help in obtaining extended day services, etc.
- Kindergarten Readiness Initiative – Assistance should be provided to obtain all necessary

documentation and health related requirements for kindergarten registration before the end of the Pre-K school year.

8.0 Program Fees

8.1 Program Fees

All children must receive the same instructional opportunities during the 6.5-hour instructional program day. Program fees may not be charged to families with a Category One or Category Two status during this time. For example, if dance, art, or computer classes are included in the 6.5-hour day, these opportunities must be free and available to all Pre-K children. Fees cannot be charged to any child/family for services needed to operate the instructional program such as registration, curriculum fees, classroom supplies, etc.

8.2 Requests for Donations of Classroom Supplies

Georgia's Pre-K Program provides a per classroom allotment for supplies annually to all Pre-K programs. Pre-K programs may request donations of classroom consumable supplies such as paper, crayons, glue, etc. However, these requests must be reasonable and must not be a requirement for enrollment or participation in the Pre-K program. Solicitation of monetary donations for purchase of these supplies is not permissible. Requests can only be made for the actual items. Programs failing to adhere to this guideline or abusing this policy will be subject to probation or termination of funding.

8.3 Field Trips/ Special Experiences for Students

Field trips off-site or on-site give students educational experiences that are different from their regular classroom environment. They broaden instructional activities and make a teaching topic more relevant. Field trips and/or special activities are highly encouraged but not required in Georgia's Pre-K and are considered part of the instructional program.

Programs may request a per child donation per field trip. Donations requested should not exceed a total of \$25 per child per year. Parents who participate in field trips may be charged a fee. If a child does not provide a donation, Pre-K funds may be used to provide the field trip for that child. A child cannot be denied participation in a field trip based on whether a donation was received.

8.4 Fee Structure

Policies explaining the fee structure for non-Pre-K program days (e.g., holiday/vacation times, teacher Work days) for children with a Category One and Category Two status, transportation (optional), and/or food services for children with a Category Two status must be given to each family in writing. A copy of these policies should be kept on file. DECAL may request copies of individual Pre-K provider fee structure policies. While not required, DECAL recommends that providers explain and have parents sign a statement that they have received written information explaining charges for non-Pre-K program days and any transportation or meal fees.

8.5 Category One Fees

Pre-K providers may not charge fees for transportation services, if provided, for children with a Category One status during the 180 Pre-K program days. Pre-K providers may not charge families who have a

Category One status fees for food services. Pre-K funds may be used to purchase food if no Child and Adult Care Food Program (CACFP) funding is received.

8.6 Category Two Fees

The Pre-K provider may charge reasonable fees for health services, food services, and/or transportation services (if provided) to children with a Category Two status.

8.7 Meals

Families with a Category One status: Meal or snack fees cannot be charged to families with a verified Category One status. Pre-K funding may be used for costs related to meals and snacks.

Families with a Category Two status: Meal and snack fees may be charged to families with a Category Two status. Pre-K providers can charge a maximum of \$25 per week for Pre-K lunch and snack. If breakfast is served during the Pre-K day, then an additional weekly fee of \$10 can be charged. **Please note meal or snack fees cannot be charged if Pre--K program receives Child and Adult Food Program (CACFP) reimbursement for the child.** Meal and snack fees should only be charged for meals/snacks served during the Pre-K day when Pre-K is in session.

If the child attends the program on days when Pre-K is not in session (e.g., holiday breaks, teacher planning days), the fees should be consistent with the meal/ snack policy for the child care program or school. Pre-K providers should contact their Pre-K Specialist when there is an instance of continued non-payment of meal fees by a family with a Category Two status. Disenrollment will be at the discretion of DECAL.

8.8 School Uniforms

The purchase of school uniforms cannot be required for participation in Georgia's Pre-K Program. This includes special attire such as t-shirts for field trips. Centers with uniform policies may request that parents dress children in uniforms. However, eligible children cannot be denied access to the Pre-K program for failure to meet the request. Providers are urged to provide uniforms for those who cannot afford them. With prior approval, Pre-K funds may be used for this purpose.

8.9 Special Family Activities

DECAL encourages Pre-K providers to plan family activities that focus on celebrating children's learning and participation in Georgia's Pre-K Program. Activities such as a field day, an open house, a family/child picnic, or a luncheon are recommended. All children should be included in these activities. Practice for programs should not negatively impact instructional time. Providers may not charge families any fees for participation in these programs.

9.0 DECAL Monitoring and Technical Assistance

9.1 Pre-K Specialist Support

DECAL Pre-K staff work closely with providers throughout the year and are available for consultation regarding onsite technical assistance, questions about the program, problems with maintaining enrollment, approval of equipment/materials/supplies requests, training needs, etc. Staff will provide specific technical assistance to help providers maintain compliance with program requirements and thereby allow them to maintain their funding viability.

9.2 On-Site Evaluation

DECAL Pre-K staff will make announced and unannounced visits throughout the school year to monitor and evaluate program progress. The monitoring process delineates the responsibilities of administrators and teachers and allows a greater focus on classroom instruction. The evaluation procedures listed below are designed to help raise instructional quality across the state.

All Georgia's Pre-K programs will be required to complete the following instructional checklists. The checklists will be used to ensure that all classrooms meet Pre-K requirements. They are used as communication tools for project/site directors and teachers, monitoring tools for Pre-K Specialists, and data reporting pieces for state level reporting.

- **Grant Requirement Checklist (Appendix Q):** This checklist is used by the Project and Site Director to monitor the Pre-K grant requirements. It is meant to be used throughout the school year.
- **Instructional Quality (IQ) Guide for the Learning Environment (Appendix R):** This checklist is utilized by both teachers and directors to ensure that each Pre-K classroom is properly equipped with quality materials.
- **Instructional Quality (IQ) Guide for Daily Schedule (Appendix S):** This checklist is utilized by both teachers and directors to ensure that each classroom's daily schedule meets Pre-K guidelines.
- **Instructional Quality (IQ) Guide for Planning Instruction (Appendix T):** This checklist is utilized by both teachers and directors to ensure that lesson plan guidelines are being met. Teachers will use this checklist along with a lesson plan template provided by DECAL or a template created by the program. Lesson plan templates are available on the DECAL website.
- **Instructional Quality (IQ) Guide for Assessment: WSO Director Timeline (Appendix U):** This checklist is utilized by directors to ensure that all assessment requirements are being met.
- **Instructional Quality (IQ) Guide for Assessment: WSO Teacher Timeline (Appendix V):** This checklist is utilized by teachers to ensure that all assessment requirements are being met.

All Georgia's Pre-K sites are required to complete the Grant Requirement Checklist (GRC) and Instructional Quality (IQ) Guides. Pre-K Specialists will monitor the use of these checklists in the following ways:

- **Roster Verification Visits:** Pre-K sites are randomly selected each year to participate in one full roster verification visit to take place between September and April. During this visit, a Pre-K Specialist will review rosters and children's records for completion and accuracy.
- **Program Visits:** Each specialist will review and use checklists to guide technical assistance at both the classroom and program level.
- All probation sites will be subject to full monitoring visits at multiple times throughout the program year.

The Pre-K Project Director must submit a written response for areas failing to meet requirements within 10 days of the evaluation. A request for technical assistance may be included in the response.

Classroom Assessment Scoring System (CLASS)

The CLASS will be used in Georgia's Pre-K classrooms to obtain classroom quality data. The CLASS will be

completed utilizing four 20-minute observations, each followed by a 10-minute coding period. Repeated observation cycles help establish an accurate, complete picture of the classroom. CLASS scores will not be used for the purpose of individual teacher evaluation. Teachers will receive feedback showing how they compare to national and state averages. The results from the 2023 - 2024 data will be used to plan for professional development in subsequent years.

10.0 Probation

10.1 Definition and Reasons for Probation

Probation is a status that warns a provider of the possibility of funding loss due to program quality issues or failure to follow the *Pre-K Providers' Operating Guidelines*. Programs on probation are not guaranteed continuing classes for the following year. The grant agreement may either be held or not offered.

The following may place a Pre-K program on probation:

- Failure to correct ongoing Pre-K issues or multiple instances of failing to follow the *Pre-K Providers' Operating Guidelines*
- Failure to submit required reports, information and documents to DECAL by due dates or submission of fraudulent reports or documentation
- Lack of credentialed teaching staff or failure to notify DECAL of any changes in teaching staff
- Serious or repeated instances involving noncompliance with DECAL program requirements (Pre-K, Child Care Services, Nutrition Services, Childcare and Parent Services (CAPS), or Audit/AUP)
- Extended suspension or modified day without prior approval (See Sections 6.6 and 6.7.)
- Exceeding the maximum allowance of 22 students per class
- Moving a Pre-K class without permission from DECAL

10.2 Probation Process

- Pre-K Specialists will use the checklists described in Section 9.2 to evaluate compliance with the requirements for Georgia's Pre-K Program. **The Pre-K Project Director must submit a written response for areas failing to meet requirements within 10 days of the evaluation.** A request for technical assistance may be included in the response.
- Programs that have excessive or ongoing unresolved areas of noncompliance will be referred to the Pre-K Quality Support Program resulting in a probationary status. Participation in this program is a two-year process.
- Sites participating in the Pre-K Quality Support Program will receive a minimum of three site visits during the school year to monitor and report on progress.
- A program conference with the Pre-K Project Director and DECAL staff will be scheduled for programs on probation. During the meeting, the probation process and the requirements for returning to good standing will be discussed.
- Targeted technical assistance based on identified needs and goals will be provided to programs participating in the Pre-K Quality Support Program.

10.3 Probation Funding Considerations

Programs not making adequate progress in the Quality Support Program will be in jeopardy of losing Pre-K funding. Sites failing to make progress may lose funding for at least one class during the initial year of

probation. Reducing the number of classes has been an effective means for quality improvement; it is easier to maintain quality with fewer classes. Sites with only one class may lose all Pre-K funding at the discretion of DECAL. Sites with serious or repeated instances involving noncompliance with DECAL program requirements (Pre-K, Child Care Services, Nutrition Services, CAPS, or Audit/AUP) may lose all Pre-K funding regardless of the number of years in the process.

10.4 Program Conferences

DECAL reserves the right to schedule a program conference with any Pre-K provider. If a program conference is scheduled, requested participants are required to attend. Failure to participate in a mandatory meeting may result in immediate probation or termination of the Pre-K grant agreement during the program year.

10.5 Peer Review Process

Programs that continue to have unresolved probation issues, despite technical assistance, may have their Georgia's Pre-K Program grant agreement denied or revoked. In such circumstances, providers may appeal the DECAL decision before a Peer Review Committee. The Peer Review process is not available to Pre-K programs identified with serious or repeated instances involving noncompliance with program requirements (Child Care Services, Nutrition Services, CAPS, Audit/AUP), fraudulent rosters or teacher credentials, audit (Pre-K or federal nutrition programs) irregularities, loss of nutrition program due to serious deficiencies, termination from CAPS, low enrollment, and/or repeated issues with teacher credentials.

11.0 General Personnel Information

11.1 Records Check Determination

Every employee must have a satisfactory record check determination in order to be present at a facility when children are present for care, as required by O.C.G.A. 20-1A-30 et. seq. and Rule 591-1-1-.09, Rules and Regulations Child Care Learning Centers. If Grantee is not a licensed child care learning center and participates in Georgia's Pre-K Program as approved by the Grantor, Grantee then must comply with O.C.G.A. § 20-1A-30 et. seq. or similar state or federal requirements. Grantee must allow, upon the request of the Grantor or its authorized representatives, the review of all necessary documentation for compliance purposes.

11.2 Employees

All Pre-K program personnel are employees of the Pre-K provider for whom they work, not Georgia Department of Early Care and Learning or the State of Georgia.

11.3 Employment Terms Document

It is required that all Pre-K grantees have written documentation detailing the employment terms between the employer and all Georgia's Pre-K lead teachers. This written documentation is recommended, but not required, for Pre-K assistant teachers. The written documentation should be developed by individual providers and shall include the following terms, at a minimum:

- Employment begin and end date
- Compensation information

- Benefits information
- Professional conduct expectation
- Broad scope or work

The written documentation can be an employment contract, work agreement or letter of intent signed by the employer, provided to each individual Pre-K lead teacher, and kept on-site for review by DECAL staff. Providers may refer to the *Sample Georgia's Pre-K At-Will Employment Agreement (Appendix Z)* for guidance in developing the employment terms document.

11.4 Pre-K Teacher Enrollment in the Georgia Professional Development System

The Georgia Professional Development System (GaPDS) is a database specifically for those who work directly with young children or on their behalf. For individuals, the GaPDS combines education, experience and training and assigns all registrants a level on the “Career Level” chart.

Lead and assistant teachers must be enrolled in the GaPDS before a student roster is submitted where they are assigned as the lead or assistant teacher in a classroom. A teacher hired after a roster submission (between submissions) must be registered prior to the next roster submission. A GaPDS number is required in PANDA for all Georgia's Pre-K lead teachers and assistant teachers. Project Directors must enter staff in PANDA, but the GaPDS is an individual – based system and staff must enroll themselves.

Supporting documents must be submitted to confirm educational attainment and training. Supporting documents include official transcripts, training certificates, copies of CDAs and technical college credentials. The Georgia Professional Standards Commission (GaPSC) reviews transcripts and credentials for the GaPDS to verify an individual teacher's credentials and degrees. Until a teacher is enrolled in the GaPDS, the eligibility to serve in the lead or assistant teacher role has not been established.

If a teacher has been certified as a Georgia teacher or paraprofessional through the GaPSC, the certification and/or Paraprofessional license/certificate information will appear in the registrant's GaPDS profile automatically when the registrant saves his/her contact information. If not, he/she will need to follow the instructions from the GaPDS and submit the requested proof of what he/she entered in the GaPDS.

Any level of degree must be supported by an official transcript from an accredited institution. If a teacher's credential cannot be verified, an email from PANDA will prompt the Project Director to have the teacher review their GaPDS profile and submit the appropriate credential information.

Failure to have credentials current and verified in the GaPDS will affect Pre-K payments. It is imperative that Project Directors verify that credential information is correct on rosters. Project Directors should also confirm that teachers have registered in the GaPDS, submitted required documentation to the GaPDS, and the GaPDS has verified the credential. If the teacher's credential has not been verified by the GaPDS, then the Project Director should select “Insufficient” for the teacher's credential level in PANDA. The roster should be updated when an approved credential has been verified.

Teachers should review their GaPDS profile to ensure they have completed the enrollment process. Teachers that have completed the process will see a status of “Active” or “Pending” in the Account Information Summary section. Teachers that are qualified to serve in the lead teacher role will see “Qualifies for GA Pre-K Lead”. Teachers that are qualified to serve in the assistant teacher role must have a GaPDS career level of 4 or higher.

Questions regarding enrolling in the GaPDS or assistance with an account should be directed to gapds@decals.ga.gov or 404-267-2760 Metro Atlanta Area or Out of State 1-888-92-GAPDS (42737).

Credential documents required to be mailed should be mailed to the GaPSC and not DECAL:

Suite 1712 West
Atlanta, GA 30334-9032

Failure to use this address could result in documents being lost or a significant delay in processing.

12.0 Lead Teachers

12.1 Days of Service

All lead teachers are funded for 190 days of service – 180 days of classroom instruction to Pre-K children (or the equivalent if a modified calendar is approved) and 10 days of Pre-K related activities/duties (pre/post planning, staff development, Pre-K training, in-service days). DECAL does not maintain personnel policies for Pre-K teachers. Pre-K programs should provide teachers with a contract or work agreement outlining sick leave and holiday policies.

12.2 Age Requirement

All lead teachers must be 21 years of age or older. **Exception:** Lead teachers who have a valid bachelor’s degree or higher teaching credential do not have to meet the minimum 21 years of age requirement. The teacher must, however, meet the age requirement for the facility’s licensing agencies.

12.3 Professional Conduct

All lead teachers shall demonstrate conduct that follows recognized professional standards and preserves the dignity and integrity of the early childhood education profession. Lead teachers shall not engage in Unprofessional Conduct or take any action or commit any act that might injure, tarnish, damage or otherwise negatively affect the reputation and goodwill associated with the Pre-K Provider, Georgia’s Pre-K Program, or the Department in any way. Unprofessional conduct includes, but is not limited to, any behavior or action that could shock, insult, or offend the community, diminish the teacher’s ability to interact professionally with others or otherwise bring disgrace or infamy upon themselves, the Pre-K Provider, Georgia’s Pre-K Program, or the Department. Lead teachers shall not commit any act or do anything which might reasonably be considered to be illegal, immoral, deceptive, scandalous or obscene. Pre-K providers are responsible for ensuring lead teachers conduct themselves in a professional manner, especially while representing the Pre-K Provider, Georgia’s Pre-K Program, or the Department in the community.

12.4 Credential / Certification Requirements

A Georgia's Pre-K Program lead teacher must have one of the following valid and current certificates or credentials listed below. Pre-K providers should review the qualifications and conditions carefully to ensure that the lead teacher qualifies to teach in Georgia's Pre-K. All degrees and credentials are verified in the Georgia Professional Development System (GaPDS) by the Georgia Professional Standards Commission (GaPSC).

The salary rates reflect 100% of the base salary funded by DECAL to the provider. **Beginning the 2023 – 2024 school year, providers are required to pay lead teachers 100% of the total base salary funded by DECAL.** Actual compensation may vary based on the number of days and hours worked.

Two Year Degree (Grandfathered Associate Degree or Montessori Diploma)

The Associate Degree/Montessori Diploma applies only to Pre-K lead teachers who were approved in the 2009 - 2010 school year with an approved ECE Associate Degree or Montessori Diploma. These teachers will be considered approved if they continue employment as a lead teacher with the same program. If the teacher leaves the current program in which he/she is approved, he/she will be required to meet the minimum bachelor's degree requirement in the new classroom. If the program currently approved to have an Associate Degree/Montessori Diploma teacher replaces that teacher, the minimum education requirement of a bachelor's degree or higher credential will apply.

The following are the only grandfathered credentials:

- Associate of Science/Arts (ECE or related)
- Associate of Applied Science/Technology (ECE or related)
- Montessori Diploma (ECE, minimum of two years coursework)

A teacher with a bachelor's degree not related to Early Childhood Education must also hold one of the following approved ECE credentials:

- Associate degree with ECE major
- Technical College Diploma (TCD) with ECE major
- Technical Certificate of Credit (TCC) with ECE major (*The Early Childhood Care and Education Program Administration TCC program is designed to prepare students for a job as manager of a Childcare Learning Center and will not meet the TCC requirement.*)
- Montessori Diploma (*Montessori courses must be taken from an accredited affiliate of the Montessori Accreditation Council for Teacher Education [MACTE]*)
- **NEW** - Valid Preschool Child Development Associate (CDA) credential issued by the Council for Professional Recognition. Note: The following CDA credentials will not meet the CDA requirement for a lead teacher: Infant/Toddler CDA, Family Child Care CDA, Home Visitors CDA, and Military School-Age CDA. Teachers with an expired CDA or in the process of renewing an expired CDA will not meet the CDA requirement.

12.5 Out-of-Country Credentials

Degrees completed outside of the U.S. or in a U.S. commonwealth or territory must have a course evaluation from an approved PSC/PDR foreign credential evaluator. The list of approved evaluators may be accessed at <http://www.gapsc.com/MoveToGeorgia/FromOutSideUSA/foreignCredentialReports.aspx>

12.6 Online Credentials

Online degree programs can be verified through the Commission on Colleges, Southern Association of Colleges and Schools at www.sacscoc.org or with the U.S. Department of Education, Office of Postsecondary Education at <https://www.ed.gov/accreditation>. Other online degree programs may be acceptable with proof of approved credibility and certification.

12.7 Lead Teachers Salary Components

The lead teacher salary has two components: base salary and supplemental compensation. Base salary is based on the teacher's verified credential(s). Supplemental compensation is based on the teacher's creditable years of experience. Pre-K providers are responsible for sharing teacher salary information with their staff. In addition, this information should be shared with others as appropriate such as the program's accountant, finance director or human resources department. DECAL requires that programs provide teachers written information explaining their base salary and supplemental compensation (if applicable) and that programs have teachers sign a statement that they received and understand written information explaining their salary.

Base Salary

DECAL requires Pre-K providers to pay lead teachers a base salary based on the teacher's verified credentials. The base salary rates listed in Section 12.3 reflect 100% of the salary funded by DECAL to the provider. The salary does not include any additional compensation or benefits the teacher may receive.

Providers are required to pay lead teachers 100% of the total salary funded by DECAL. Salaries are negotiated between the provider and the teacher. Providers have the ability to set base salary levels as long as the base salary requirement is met. The base salary rates reflect the gross amount, which is an individual's total earnings before any taxes or deductions.

Supplemental Compensation for Creditable Years of Experience (CYE)

DECAL provides supplemental compensation for all lead teachers with at least two years of qualifying Creditable Years of Experience. Supplemental compensation includes an increase in base salary every two years up to 20 years for Creditable Years of Experience (CYE). Supplemental compensation is cumulative and is based on the teacher's history as a Georgia's Pre-K lead teacher and/or history as a certified lead teacher in a K-12 public school.

Providers are required to pay teachers 100% of supplemental compensation. This supplement should be part of the lead teacher's salary and should be paid in a manner consistent with the base salary (weekly, monthly, etc.). The supplement may not be used as a salary bonus. It is not acceptable to hold the salary supplement and pay mid-year or at the completion of the school year.

2023 – 2024 CYE Supplement Chart

Creditable Years of Experience	Associate Degree	Bachelor's Degree	Certified (T4)	Certified (T5)
0-1	\$0.00	\$0.00	\$0.00	\$0.00
2-3	\$853.50	\$1,029.47	\$1,284.62	\$1,420.29

*20 years and more	\$9,784.38	\$11,801.71	\$14,726.75	\$16,282.05

Note: There are no additional step **increases beyond 20 years of CYE*

A resource is available to help providers determine an estimate of the funding amount the program will receive for lead teacher compensation for the 2023 - 2024 school year. The *2023 - 2024 Salary Schedule for Pre-K Lead Teachers* is posted at <http://dec.al.ga.gov/PreK/ProjectDirectors.aspx>

12.8 Creditable Years of Experience

For Georgia's Pre-K Program, *Creditable Years of Experience* (CYE) are defined as all years taught as a full-time lead teacher in a Georgia's Pre-K Program (public or private) with an approved credential and/or all years taught as a full-time certified teacher in a K-12 public school. A teacher must have taught full-time for at least six months of the school year (60% of the year) to receive credit for one full year. CYE do not have to be consecutive. Years of experience taught in a public school in another state would count toward creditable years of experience if the teacher held a valid, in-field state education certificate related to the field of employment and was under contract during the period in which the experience was earned.

When determining a teacher's creditable years of experience, the provider should count all prior years at the current program as well as the years the teacher taught in another Georgia's Pre-K Program (public or private) with an approved credential and/or all the years taught as a certified teacher in a K-12 public school. Credit should not be given for teaching experience associated with substitute teaching, student teaching, teacher aide/assistant teacher experience, part-time or temporary teaching positions. The 2023 - 2024 school year should not be included in CYE because only PRIOR completed years of experience are valid.

Note: Prior to the start of the 2024 - 2025 school year, PANDA will add 1 year of experience for teachers that taught in the 2023 - 2024 school year.

Pre-K providers will be responsible for verifying a teacher's creditable years of experience. Written processes and/or policies regarding verification of CYE for their program should be developed and kept on site. Written policies should include what the program will use to verify a teacher's creditable years of experience. Teacher contracts and letters from human resources or former employers are examples of acceptable CYE

verification documentation. Employment applications/resumes, teaching certificates, training certificates, data from the GaPDS, and data from the Teacher's Retirement System of Georgia (TRS) should not be used.

DECAL will conduct audits to verify program reported CYE and may request verification documentation used by the program. If verification documentation is not available to support the reported CYE, Pre-K funding will be impacted. Therefore, it is imperative that providers verify a teacher's creditable years of experience prior to reporting CYE in PANDA.

12.9 Training & Experience (T & E)

Public school providers with Pre-K lead teachers that are currently receiving a capped T & E supplement will continue receiving the T & E supplement for those teachers. These teachers are eligible for supplemental compensation. However, because they have already been compensated for previous years taught (T & E compensation), the supplemental compensation will apply to their history after the 2010 - 2011 school year.

Pre-K providers should address questions about teaching credentials and teacher salaries to panda.teachers@dec.al.ga.gov.

13.0 Assistant Teachers

13.1 Days of Service

All assistant teachers are funded for 190 days of service – 180 days of classroom instruction to Pre-K children and 10 days of Pre-K related activities/ duties (pre/post planning, professional development, training, in-service days).

13.2 Employment Requirements

An assistant teacher must be 18 years of age or older.

13.3 Professional Conduct

All assistant teachers shall demonstrate conduct that follows recognized professional standards and preserves the dignity and integrity of the early childhood education profession. Assistant teachers shall not engage in Unprofessional Conduct or take any action or commit any act that might injure, tarnish, damage or otherwise negatively affect the reputation and goodwill associated with the Pre-K Provider, Georgia's Pre-K Program, or the Department in any way. Unprofessional conduct includes, but is not limited to, any behavior or action that could shock, insult, or offend the community, diminish the teacher's ability to interact professionally with others or otherwise bring disgrace or infamy upon themselves, the Pre-K Provider, Georgia's Pre-K Program, or the Department. Assistant teachers shall not commit any act or do anything which might reasonably be considered to be illegal, immoral, deceptive, scandalous, or obscene. Pre-K providers are responsible for ensuring assistant teachers conduct themselves in a professional manner, especially while representing the Pre-K Provider, Georgia's Pre-K Program, or the Department in the community.

13.4 Credential/Certification Requirements

Any ONE of the following credentials/degrees listed below will meet the credential requirement for Pre-K assistant teachers:

- Valid Paraprofessional Certificate (issued by the Georgia Professional Standards Commission)

- Valid Child Development Associate (CDA) credential (issued by the Council for Professional Recognition)
- TCC (Technical Certificate of Credit) in Early Childhood Education
- TCD (Technical College Diploma) in Early Childhood Education
- AA, AS, AAS, AAT (Associate Degree)
- Montessori Diploma (Montessori courses must be taken from an accredited affiliate of the Montessori Accreditation Council for Teacher Education [MACTE])
- BA, BS (Bachelor's degree)
- Georgia PSC Certified Teacher
- MA, MS (Master's Degree)
- Specialist Degree or PhD

A CDA credential is valid for three years from the award date, after which it may be renewed in three-year increments. Information regarding the CDA credential is available through the Council for Professional Recognition at www.cdacouncil.org

For information regarding the Technical Certificate of Credit, please refer to the Technical College System of Georgia website at www.tcsg.edu for enrollment information.

For information about possible scholarships or educational counseling, visit <http://www.decalscholars.com>.

13.5 Salaries – Assistant Teachers

All credentials for an assistant teacher will be paid at the minimum rate of **\$20,195.35**. Providers are required to pay 100% of the total salary funded by the Department for assistant teacher position. Actual compensation may vary based on the number of days and hours worked that an individual worked.

DECAL does not provide supplemental compensation for assistant teachers. The minimum salary amount does not include any additional compensation or benefits the assistant teacher may receive. The base salary rate reflects the gross amount, which is an individual's total earnings before any taxes or deductions.

14.0 Substitute Teachers

14.1 Substitute Teacher Employment Requirements

The Pre-K provider must ensure that a substitute lead teacher and/or substitute assistant teacher is present and working in the Pre-K classroom (during the 180-day student school year) for each day that a lead teacher and/or assistant teacher is absent.

A substitute teacher must meet ALL of the following minimum requirements:

- Must be at least 18 years of age.
- Possess a high school diploma or its equivalent
- Satisfactory Records Check Determination

14.2 Short-Term Substitutes

A short-term substitute is a substitute who serves in the Pre-K classroom while a lead or an assistant teacher is out of the classroom due to illness, personal leave, or professional development training. A short-term substitute may serve in the classroom anywhere from a few hours up to three weeks. No prior approval from DECAL is needed for a short-term substitute. If a lead or assistant teacher will be out for more than three continuous weeks but is returning to their position, then a long-term substitute must be used.

14.3 Long-Term Substitutes

A long-term substitute is a substitute for the lead teacher or assistant teacher who will be in the Pre-K classroom for longer than three weeks. Programs are required to submit a **Long-Term Substitute Request Form (Appendix M)** to their Pre-K Specialist for approval prior to the start of the requested leave if possible. **Requests will only be approved for extended medical leave, parental leave, military reserves, or a student teaching program.** Programs should attempt to hire long-term substitutes with a credential equivalent to the credential of the original lead teacher.

No roster changes for long-term substitutes are needed unless the substitute has a credential that is higher than the lead teacher on leave. If the substitute has a credential that is higher than the lead teacher, the substitute should be entered on the roster so payment can be adjusted accordingly. When the lead teacher returns, the roster should be updated to show the original lead teacher. If a lead or assistant teacher will be out of a classroom for longer than three weeks for other reasons, a new teacher should be hired and submitted through the roster process.

The Pre-K Specialist will review any requests for long-term substitutes and contact the program for any additional information if needed. Once the program receives approval, the approval should be kept on file. The program is responsible for informing the Pre-K Specialist of any changes such as a change in return date for the teacher or a change in substitute teachers.

Teachers Not Returning

If a lead teacher or assistant teacher does not return at the beginning of the school year, resigns during the school year, or has been terminated from their position, the program is responsible for staffing the class with a substitute until a replacement has been hired. **A Long-Term Substitute Request Form (Appendix M) is not required for a substitute in this situation.** The program is responsible for updating the roster to include the teacher's last day in the class and the date the substitute teacher began teaching. If multiple substitutes are used in the class, the program must select *Multiple Substitutes Used* on the roster until the vacancy is filled.

15.0 Professional Development

15.1 Purpose of Professional Learning for Teachers

DECAL offers multiple professional development opportunities for Pre-K teachers. Professional learning training is intended to enhance the skills and knowledge of teaching staff. Each provider is responsible for ensuring that all teaching staff is qualified and able to deliver quality instruction on the date they are hired.

15.2 Requirements of Professional Learning

To maintain quality standards, annual professional development is required for all teachers directly associated with the Pre-K program. Staff attendance at required training sessions will be verified by a Pre-K Specialist. Failure of providers and their staff to participate in required training will place their program in noncompliance and may result in probation. DECAL cannot guarantee training will be held in a specific region; therefore, some travel may be required. Appropriate compensation for travel expenses must be provided to staff who are required to travel for training.

15.3 Professional Learning Plan for Pre-K Staff

Pre-K providers are required to develop a Professional Learning Plan for their Pre-K staff. A Professional Learning Plan is used as a tool to help plan a career, guide development, and assess progress toward career goals. The Professional Learning Plan for Pre-K staff should include identified areas for improvement and growth, specific professional learning activities to address these areas (including Pre-K training attended), timelines for completion, hours accrued, and reviews of progress toward goals. A sample Professional Learning Plan is located at <http://www.dec.al.ga.gov/documents/attachments/SampleProfessionalLearningPlan.docx>.

15.4 Professional Learning Registration

The Pre-K Project Director is responsible for distributing professional learning and training information to their sites and all Georgia's Pre-K personnel. The Project Director must register staff for Pre-K training in the GaPDS. For help with professional learning needs, Pre-K providers should contact their Pre-K Specialist.

15.5 Attendance at Pre-K Training

All administrative, teaching, and support staff listed below will have the opportunity to attend DECAL sponsored professional development annually. Additional details about professional learning requirements for the 2023 - 2024 school year will be released in late July 2023.

- Project Directors
- Site Directors / Principals
- Lead Teachers
- Assistant Teachers

All lead teachers and assistant teachers working in Georgia's Pre-K classrooms are required to meet the professional learning requirement. **This includes additional full-time staff in Montessori classrooms and inclusion classrooms.** Pre-K training is provided free of charge.

Pre-K training is required for all new Project Directors and optional for new Site Directors.

Late Arrival to Training

Late arrival results in interruptions to training delivery and the learning process. Individuals who arrive more than 30 minutes after the start time will not be admitted. Arriving more than 30 minutes late to one session may result in cancellation of all sessions in the series.

15.6 No Shows and Repeat Training Penalty

The Pre-K Project Director is responsible for canceling participants who are unable to attend training in the GaPDS 24 hours before the start time. Providers who register participants for training and do not cancel in the GaPDS system may be charged a \$50 no-show fee. Providers cannot substitute inappropriate staff in the place of a staff registered for training. For example, if a lead teacher cannot attend training, a Site Director cannot attend for him/her. In the case of a “no show,” \$50 for each participant will be deducted from the next Pre-K payment. In the case of a dispute, the provider must present written confirmation from DECAL that the training was cancelled within the required time frame. For instructions for training cancellation, refer to the GaPDS Help Files for Georgia’s Pre-K Program Directors at <https://gapds.decals.ga.gov/Shared/HelpContent.aspx?c=pnlgaprek>

When registering teachers for training, providers should not:

- Register a teacher for training not intended for the teacher. For example, an assistant teacher cannot attend training designated for lead teachers.
- Register a teacher for more than one training. For example, though there are multiple training choices for returning assistant teachers, the assistant teacher should only attend one.
- Register a teacher for training previously attended. For example, a lead teacher that completed New Teacher training should not attend the training for a second time.

Providers should review the training history page in the GaPDS for new and returning teachers to determine what DECAL professional development/training they have taken in the past before registering them for training for the current school year. In the case of a “repeat or incorrect training,” \$50 for each participant may be deducted from the next Pre-K payment.

15.7 Child Care Licensing Information Regarding Training

All DECAL sponsored training is approved for licensing purposes for second year* lead teachers and assistant teachers. One hour of training counts as one hour of required training for licensed child care learning centers for regulatory purposes. First year* lead teachers and teacher assistants may utilize only four clock hours of Pre-K Best Practices training toward their mandatory 10 hours of licensing training.

**First year and second year refer to number of years a teacher has worked at the center in all capacities, not just Pre-K. See DECAL's Rules for Child Care Learning Centers, Chapter 591-1-1-.33 (Staff Training).*

15.8 Professional Learning/ Training Reimbursement to Staff

Pre-K funds or other program funds must be used to cover salaries for staff attending Pre-K training; to pay for costs associated with Pre-K training travel (lodging and meals in conjunction with overnight travel, mileage, parking, etc.); and to pay for substitutes who serve in the classroom while a lead or an assistant teacher attends training. DECAL recommends that Pre-K providers develop and distribute travel/expense reimbursement policies to employees prior to travel; discuss travel/expense policies with employees; and ask employees to sign a statement that they understand the policies before they travel.

16.0 Grant Award Notification and Budgets

16.1 Awarding of Grant Agreements

For the 2023 - 2024 school year, programs will receive their Georgia’s Pre-K Grant Agreement via email.

Grant agreements will be awarded to Pre-K providers subject to funding availability, previous program compliance (for continuation programs in good standing) and identified regional need. Compliance and good standing with other DECAL programs (Child Care Services, Nutrition Services, Audits, CAPS, and Quality Initiatives) are also considered before awarding a grant agreement. Programs are considered in “good standing” if they have maintained full classes, met all program and reporting requirements, met child care licensing regulations if applicable, met federal program rules if applicable, have no unresolved audit or reconciliation issues, and are not on probation. DECAL will enter into a grant agreement with public and private providers for Pre-K services.

Start-Up Grant Agreement

Start-up grant agreements will be awarded to new or expansion Georgia’s Pre-K Programs. Start-up funds will be provided for purchasing classroom equipment, supplies, and materials for the new classroom. Start-up grants are \$8,000 per class.

16.2 Class Budget

Classes with enrollment of 20-22 students will receive full funding. Funding for classes with fewer than 20 students will be reduced by 1/22 for each child below 20. This funding reduction applies only to operating costs paid to the program. Funding provided by DECAL for lead and assistant teacher salaries and benefits will not be impacted by student enrollment. Regardless of the number of children enrolled in the program, DECAL will provide the full funding amounts reflected in Sections 12.3 and 13.4 for teacher salaries. Classes with fewer than 16 students are subject to closure at the discretion of DECAL.

16.3 Grant Agreement Signatory

The legal signatory (CEO, COO, CFO, President, Sole Proprietor, School Superintendent) who has apparent authority or legal authority for the program/company/school system/etc. applying for the grant must sign the grant agreement.

16.4 Multi-County and Multi-Program Pre-K Providers

DECAL will issue one operating grant agreement containing separate funding amounts for each site. Funds are class-specific; therefore, Pre-K providers must spend the required minimum levels for teacher salaries and supplies for each class at each site.

16.5 Low Student Enrollment

DECAL will review roster reports throughout the school year. Classes with fewer than 16 children will be considered for closure during the school year at the discretion of the Department. Any provider reporting fewer than 16 children on the final roster of the 2023 - 2024 school year will not automatically be awarded a continuation class. DECAL will review final rosters; contact providers directly concerning low numbers of children; and make a final determination about continuation of services.

16.6 Funding Calculation

Funding is based on program type and service area (Private Metro, Private Non-Metro, and Public School), the number of children served, and the lead teacher credential verified through the Georgia Professional Development System. The actual reimbursement amount may vary based on changes in class size, changes in lead teacher credential and number of days offering service. See Section 19.1 for the 2023 - 2024 Georgia’s Pre-K Rate/Per Child Estimate Chart.

In addition to the base rates, grantees offering transportation services for children whose families participate in a means-tested program (Medicaid, Supplemental Nutrition Assistance Program, etc.) may receive transportation reimbursement at a rate of \$16.50 per month for each child.

17.0 Expenditure Requirements

17.1 Expenditure Guidelines

The following expenditure guidelines apply to all Pre-K providers:

- All programs are required to pay lead teachers 100% of the base salary funded by DECAL.
- All programs are required to pay lead teachers 100% of the supplemental salary funded by DECAL.
- All programs are required to pay assistant teachers 100% of the salary funded by DECAL.
- All programs must spend a minimum of \$1,000 per classroom from their operating funds on classroom equipment, classroom materials, classroom supplies, and/or additional classroom materials. Classroom supplies and materials should be selected from the **Georgia's Pre-K Program Basic Equipment, Materials, and Supplies Inventory List (Appendix H)**. Flexibility related to classroom computer technology purchases and playground equipment is provided with prior approval from the Pre-K Specialist once the classroom is adequately equipped. (See Sections 17.3 and 17.4)

Note: Change of ownership programs, classes funded later in the school year, or programs that closed a class(es) during the school year may meet a prorated portion of the classroom expenditure requirement which is determined by the number of days/months the program operated prior to the change. For example, a class that started in August and closed in November must spend at least \$400 on classroom materials/supplies (\$100 per month).

- The Pre-K provider may use no more than six percent of the total budget for administrative expenses (i.e., office supplies, accounting and/or clerical costs, Pre-K's portion of the director's salary and benefits). When completing the reconciliation report, the provider should enter the total amount of Pre-K funds expended for administrative costs even if the total amount exceeds six percent. Any amount over 6% used for administrative expenses may result in funds due back to DECAL.

17.2 Operating Costs

The 2023 - 2024 Georgia's Pre-K Rate/Per Child Estimate Chart itemizes the core costs of the program (salary and operating) by the budget cost drivers (program type and service area, and lead teacher credential level).

Examples of operating costs include instructional supplies and materials, training and other items included in **Appendix H**; administrative costs (Pre-K's portion of the director's salary and benefits, office supplies, accounting and/or clerical costs); Pre-K's portion of properly allocated and documented rent, utilities, liability insurance, etc.; and other allowable direct and indirect costs incurred for the Pre-K program.

Benefits, which are also considered operating costs, include: health insurance, life insurance, flexible benefits such as dental and vision, dependent child care, and the provider's portion of federal and state taxes.

17.3 Playground Equipment

Purchase of stationary playground equipment requires prior approval from a provider's Pre-K Specialist. Approval is granted on a case-by-case basis. Purchases of stationary playground equipment with Pre-K funds without prior approval may result in the provider being required to return the expended funds. The deadline to submit for approval is April 5, 2024.

17.4 Instructional Technology

Approval is not required for technology items included in the ***Georgia's Pre-K Program Basic Equipment, Materials, and Supplies Inventory List (Appendix H)***. For all technology items not on the list, prior approval is required from the provider's Pre-K Specialist. Using Pre-K funds to purchase technology not listed on the *Georgia's Pre-K Program Basic Equipment, Materials, and Supplies Inventory List* may result in the provider being required to return the expended funds. The deadline to submit for approval is April 5, 2024.

17.5 Expenditure Waivers

To support quality programming, a Pre-K provider may request a waiver of the requirement concerning expenditures for materials/supplies and minimum teacher salary.

Instructional Supplies and Materials Waiver

A waiver for up to \$1,000 for the materials and supplies requirement may be requested if all classrooms and the playground at the site are well equipped. The Pre-K Specialist must verify that classrooms and playground are well equipped using current monitoring tools and checklists. To receive a waiver, the Project Director must contact their Pre-K Specialist who will facilitate the approval of the waiver request. If a waiver is granted, the unexpended material and supply funds may be used for teacher salary and benefits, field trips, or other instructional activities only. Funds cannot be applied to non-instructional items. The waiver is approved for one year only and should be kept on site.

Lead and Assistant Teacher Salary Waiver

Providers must meet the salary requirements for lead teachers and assistant teachers as listed in Section 12.3, 12.7 and Section 13.4. In the case where a lead teacher or assistant teacher is absent frequently during the year and the substitute for that teacher is paid at a lower rate, the program can request a waiver to use the unused portion of the base salary on other allowable Pre-K expenses. The Project Director should contact their assigned Pre-K Specialist who will facilitate the approval of the waiver request. The waiver is approved for one year only and should be kept on site.

17.6 Capital Improvements

Capital improvements are costs related to improvements that extend the useful life of property, improves the quality of a product, or adds value to capital assets such as buildings and vehicles. Capital assets are assets that have a useful life longer than one year and are not intended for sale during the normal course of business.

For Pre-K related purposes, capital improvements are not allowable Pre-K expenditures. Examples include, but are not limited to purchases and installation of:

- roofing
- tile

- carpet
- doors or windows
- wallpaper
- air conditioning
- alarm system

For Pre-K related purposes, replacement parts for capital assets and repairs to capital assets such as buildings and transportation vehicles are not allowable Pre-K expenditures.

17.7 Record Keeping

The Pre-K provider is required to keep all receipts and other records necessary to support figures reported on the annual reconciliation report. **If a Pre-K program is audited and receipts and other records are not available to support these amounts, funds must be returned to DECAL.** Examples of such records include, but are not limited to:

- canceled check copies (front and back)
- bank statements
- credit and Debit Card Statements
- paid invoices
- federal and state payroll records
- EFTPS or other evidence of taxes remitted to regulatory agencies
- timesheets
- Pre-K grant agreement
- original receipts for equipment, materials, and supplies for Georgia's Pre-K classrooms
- documentation of Pre-K's portion of operating expenses
- special allotment funding
- approval documentation for special allotment funding purchases
- approval documentation for long-term substitutes
- approved waivers (instructional supplies and materials, teacher salaries, etc.)
- appropriate allocation methodology

The Pre-K provider shall maintain full and complete program funding and expense records pertaining to the grant agreement for a period of three years beyond the ending date, or until all litigation, claims, or audit/review findings involving the records have been resolved if such claim or audit/review is started before the expiration date of the three-year period.

Misuse of funds may result in denial of current and future participation in the Pre-K program and/or in prosecution. See Section 20.0 for more details on audits/reviews.

18.0 Reimbursement Process

18.1 Automatic Deposit of Funds

All payments will be deposited in the Pre-K provider's bank account via an Electronic Funds Transfer (EFT) process. Appropriate forms and instructions to allow for EFT were included in the application package. Providers are responsible for the correct routing of their payments by promptly notifying DECAL of changes

in bank account information or ownership. Changes should be sent to panda.finance@dec.al.ga.gov

Providers are responsible for reviewing their monthly payments and payment documentation each month. After May 17, 2024, all Pre-K payments shall be final. No additional corrections, adjustments, or payment processing shall be made after this date.

18.2 Enrollment Requirements for Funding

Pre-K providers are expected to maintain the class enrollment levels specified in their grant agreement. Enrollment below 20 students will reduce funding for operating costs.

18.3 Payments

Funds will automatically be deposited in accounts in ten monthly payments beginning in August 2023.

- Georgia's Pre-K payments will be processed by the 14th of each month or the next business day. The deposit will occur within 3 to 7 business days from the processed date in PANDA. Payments may be delayed if the Georgia's Pre-K Grant Agreement has not been executed, class roster information has not been successfully submitted, or if the class, site, or program's payment has been placed on hold.
- All payments are subject to state data processing and bank processing delays.
- The final Pre-K payment for the year will be the May 2024 payment.
- Pre-K providers who maintain constant enrollments and uninterrupted teacher credentials will receive the equivalent of 10 equal payments for the school year. If these requirements are not met, individual payments will be adjusted accordingly.

Prorated Teacher Salary and Summer Personnel Expenses

If the teachers' salary is prorated over 12 months, programs must pay personnel salaries from 2023 - 2024 school year funds. The teacher's contract (if applicable) must reflect the period of work as 10 months (Pre-K school year) with the annualized salary to be paid over 12 months. Funds must be fully expended by the end of the Grant period.

Summer Personnel Salaries

Providers who incur summer salary personnel expenses for teaching staff should have written policies in place for payment of staff from funds other than Pre-K funds. If Pre-K teachers work through the months of June and July and receive a 12-month prorated Pre-K salary, they should receive additional payments for the months of June and July. The prorated salary is strictly for the work conducted during the Pre-K school year.

Summer salaries paid for the months of June and July may not be used to pay staff to supervise children in a private class or other duties which include, but are not limited to, bus driver, office manager, cook, and receptionist. Final salary payment must be in accordance with the normal pay cycle and funds expended by June 30, 2024.

Examples of prorated teacher salaries and summer personnel expenses are available at <http://dec.al.ga.gov/Prek/ProjectDirectors.aspx>

18.4 Calculation of Payments

Payment calculations for operating costs are based on student enrollment and the lead teacher credentials for each class as reported on the submitted roster. Payments for lead and assistant teacher salaries are based on the salary rates reflected in sections 12.3 and 13.4. Payment calculations for lead teacher supplemental pay is based on the teacher's verified creditable years of experience.

- The August 2023 and September 2023 payments will be based on the executed grant agreement. Prior to the August payment, providers have an opportunity to use the Teacher Information Screen in the PANDA roster system to update lead teacher credential information if the teacher's credential differs from the credential specified in the grant agreement. If the enrollment and the lead teacher credential reported on each of the required rosters remains consistent, no funding adjustment will be made.
- Roster data is critical to the payment calculation. As students leave the class or new students are added, current and prior payments will recalculate the total number of eligible children served each month using a half-month convention to retroactively recover overpayments or pay additional amounts for each class. Recording accurate begin dates and end dates for students and teachers on each roster is required to ensure accurate payment calculations.
- Lead teacher credentials and the number of enrolled children will be monitored. Lead teacher credentials must be verified in the Georgia Professional Development System (GaPDS). If the credential cannot be verified; differs from the credential specified in the grant agreement; or differs from the credential reported on the roster, payments will be adjusted to the credential level that can be verified. Payments will be retroactively adjusted for changes in teacher credentials.
- Attendance and enrollment records are subject to review and audit upon request. Students found to be enrolled for the same period of time in more than one class will require proof of enrollment and attendance. Payments for operating costs will be retroactively adjusted for changes in student enrollment.

No additional corrections, adjustments or payment processing will be made after May 17, 2024, or within five business days after receipt of the final scheduled payment from DECAL in accordance with the grant agreement (whichever occurs first).

18.5 Payment Advice

A monthly payment advice detailing the Pre-K payment is available in PANDA. Providers should review their payment advice immediately after a Pre-K payment is processed to confirm that the payment is accurate. Providers are responsible for contacting DECAL with any discrepancies. Instructions for accessing the payment advice and information to help programs understand the payment advice is available at: http://www.dec.al.ga.gov/documents/attachments/Payment_Advice_Instructions.pdf.

Payment Disputes

If the provider's payment does not reflect the number of students on the submitted roster, the verified lead teacher credential, and/or lead teacher Creditable Years of Experience (CYE) reflected on the roster, the provider may submit a payment dispute to panda.finance@dec.al.ga.gov.

The payment dispute process is not intended to address lead teacher credential and/or CYE matters that the provider should have addressed/resolved prior to the last roster submission. An example of a payment dispute is a payment not calculating according to what was reported on the roster.

Payment disputes must be submitted by May 17, 2024.

18.6 Rosters

Roster data is critical and must be accurate for teachers' and students' information. Roster information is subject to audit and must be substantiated by documentation of credentials and creditable years of experience for teachers, and enrollment and attendance records for students. Students' information will be reported on four roster reports during the school year. The Roster Information Form is available in multiple languages and can be located at <http://www.decal.ga.gov/BftS/FormList.aspx?cat=Pre-K>.

Rosters must include staff begin date in the classroom along with date of enrollment and birth dates for children. Rosters must be completed and properly submitted through the PANDA online system to receive payments. Additional information will be required on enrolled children including gender, race/ethnicity, English language proficiency, special education services, and parent information. It is the responsibility of Pre-K providers to review electronic payment advice information in PANDA and alert DECAL of any questionable discrepancy in the payment amount on or before May 17, 2024. Corrections and/or changes to the submitted roster not reported in a timely manner on submitted rosters could result in non-payment of the adjusted amount.

Lead Teacher and Assistant Teacher Data

Pre-K programs are required to enter lead and assistant teacher data in the PANDA roster system. Providers will use the Teacher Information Screen to add teachers, delete teachers, and/or update current teacher information. A PANDA email will be sent to all providers notifying them when the roster system is open for teacher data entry. Data entry made prior to August 1, 2023, will be used to calculate lead teacher base salary and supplemental compensation for the August payment. Therefore, it is critical that lead teacher information be accurate.

Note: Prior to the start of the 2023 - 2024 school year, the teacher data from roster 4 will roll over to the new school year, and PANDA will add 1 year of experience for teachers that taught at least 60% of the year in the 2022 - 2023 school year. Teacher data for class rosters with Multiple Substitutes Used marked for the lead and/or assistant teacher position will not roll over.

Because payment calculations are based, in part, on the verified lead teacher credentials, it is important that providers update lead teacher changes in the PANDA Teacher Information Screen in a timely manner. For example, if a teacher with an approved bachelor's degree is issued a Professional Standards Commission certification in October, the provider should update the Teacher Information Screen in October. Entering the change in February could result in retro pay for the new certified credential for one past month only.

Once a payment is made, only DECAL can make changes to prior month's teacher information. A change in teacher information which exceeds a one-month time period will be at the discretion of DECAL.

If the teacher did not return from the prior year, then the DELETE button must be used to remove that teacher to allow the new teacher data to be added. The start date should be entered 08/01/2023. The Delete button will be available to remove a record only until the program has received a payment for the class.

Providers should ensure that credentials for lead and assistant teachers have been verified through the

Georgia Professional Development System (GaPDS). If the credential entered in PANDA does not reflect the verified credential in the GaPDS, the roster will be automatically updated to reflect the verified credential in the GaPDS. If no qualifying credential has been verified, the teacher credential will be updated to Insufficient.

Student Data

The first roster should include the names and information for children who attended Pre-K since the beginning of the school year. All changes up until the count date should be reflected on the first roster.

Children who have enrolled or registered for Pre-K but have not attended a scheduled Pre-K instructional day should not be reported on the first roster. (Exception: If the class instruction begins after the first roster is due, the Pre-K provider will need to report “registered” students beginning as of the count date.)

Subsequent student rosters should include any changes made from the previous roster count date. Dates must be accurate for beginning and ending points for children and teachers so that a reduction in payment does not occur. Inadvertently reporting inaccurate roster data will increase the probability that payments are reduced. Student rosters and attendance documentation (kept in the classroom) must match.

Charges for inadvertently reporting inaccurate roster data will be deducted from the next Pre-K payment. Continued instances of such reporting will result in a graduated increase of \$25 per roster error. For example, if a program reports two children with the wrong start date on a roster, there will be a charge of \$150 (\$75 per child); if the same program reports three children with the wrong end date on the next roster, there will be a charge of \$300 (\$75 per child plus an additional \$25 per child); if the same program reports inaccurate information for the lead teacher on the next roster, there will be a \$125 charge (\$75 plus an additional \$50). Inaccurate reporting may result in probation or termination of the grant agreement.

Adjustments in student roster data past the current roster period will be at the discretion of DECAL.

Duplicate children are children who appear on more than one roster for the same reporting period. Since only one provider can be paid for the child, the provider who presents evidence that the child was attending at the time shall receive payment while the other provider will have their payment reduced. To reduce the number of “duplicate children,” DECAL recommends that providers contact the family of a child absent for three consecutive days to find out the reason for the absence. Contacting the parent can reduce the number of children kept on the attendance rolls of one program when they might be attending another program.

The Pre-K provider is responsible for replacing any child who leaves as soon as possible, to prevent their payment from being reduced. Children who have been absent for 10 consecutive days without a reasonable excuse must be removed from the roster, but this does not mean that a child should be kept on the roster for 10 days after their last day of attendance. The end date is the last day the child physically attended the program. The exception would be children on extended medical or other approved leave. Appropriate leave documentation should be maintained on site.

Roster based payments will be made until the required roster information is submitted.

Roster	Roster Open for Data Entry	Count Day	Due to DECAL
1 st	August 1, 2023	September 8, 2023	September 15, 2023
2 nd	October 2, 2023	November 3, 2023	November 13, 2023
3 rd	December 8, 2023	January 12, 2024	January 19, 2024
4 th	February 9, 2024	March 8, 2024	March 15, 2024

Note: The count date is the date providers verify students who are actively enrolled and attending Pre-K and teachers who are currently employed and teaching in the class.

Failure to submit rosters by the due date will result in delayed payments. Rosters submitted after the due date may result in payments being processed by DECAL after all other payments have been made.

18.7 Fraudulent Reporting on Rosters

Any person who knowingly and willfully makes a false, fictitious, or fraudulent statement or representation in a statement to a government agency may be guilty of a felony of a violation of Code Section 16-10-20 of the Official Code of Georgia. Any person, firm, corporation, or other legal entity that 1) knowingly presents or causes to be presented a false or fraudulent claim for payment or approval or 2) knowingly makes, uses, or causes to be made or used a false record or statement material to a false or fraudulent claim, shall be liable for civil penalties. The civil penalty can range from \$5,500 to \$11,000 for each false or fraudulent claim, plus three times the amount of damages sustained by the government because of such act pursuant to Code Section 23-3-121 of the Official Code of Georgia.

19.0 Funding Information

19.1 Program Summary Chart 2023 - 2024 Georgia's Pre-K Rate/Per Child Estimate Chart

The 2023 - 2024 Georgia's Pre-K Rate/Per Child Estimate Chart is designed to help Georgia's Pre-K Program Grantees estimate the amount of grant funding for an individual class with full enrollment. The Rate Chart is not intended to provide an exact funding amount. The actual reimbursement may vary based on changes in class size, changes in lead teacher credential and number of days offering service. Payment calculations for operating costs are based on student enrollment and the lead teacher credential for each class as reported on the submitted Pre-K roster. Payment for lead and assistant teacher salaries are based on the salary rates reflected in sections 12.3 and 13.4 of the *Pre-K Providers' Operating Guidelines*. The rates do not include Creditable Years of Experience pay for lead teachers, start-up funds, sparsity allowances, or transportation funds.

Steps for Using the 2023 - 2024 Georgia's Pre-K Rate Chart and Clarification Notes

- 1) Select the credential level for the lead teacher. Refer to Section 12.3 of the *Pre-K Providers' Operating Guidelines* for details regarding qualifications and conditions for the credentials listed in the Rate Chart.
- 2) Identify Pre-K provider type and service area:
Public School = All Public County, City, or Charter Schools.
Private = All other programs that are not Public County, City, or Charter Schools.
Metro Area = Camden, Cherokee, Clayton, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, Paulding, and Rockdale Counties.
Non-Metro Area = All other counties not listed as Metro.

Salary Lead - Total reflects 100% of salary funded by DECAL for lead teacher base salary. Base salary is based on the teacher's verified credential(s). Beginning in the 2023-2024 school year, providers are required to pay lead teachers 100% of the total base salary funded by DECAL. The Rate Chart does not include Creditable Years of Experience (CYE) pay for lead teachers. For additional information about CYE and compensation, refer to sections 12.7 and 12.8 of the *Pre-K Providers' Operating Guidelines*.

Salary Assistant - Total reflects 100% of the salary funded by DECAL for assistant teacher salary. Providers are required to pay assistant teachers 100% of the total salary funded by DECAL.

Operating Benefits - Total reflects 100% of funding from DECAL for lead and assistant teacher benefits. Examples of benefits include: health insurance, life insurance, flexible benefits such as dental and vision, dependent child care, and the provider's portion of federal and state taxes. Offering benefits is at the discretion of the Pre-K provider. If an employer decides not to offer benefits, the benefit amount can be utilized to pay additional salary over the minimum salary requirements or the funds can be expended for Operating Classroom expenses.

Operating Classroom - Total reflects 100% of funding from DECAL for expenses related to the operation of Georgia's Pre-K. Examples of classroom operating expenses include: instructional supplies and materials/items included in Appendix H of the *Pre-K Providers' Operating Guidelines*; professional development costs including mileage, meals, parking, lodging, etc.; Pre-K's portion of the director's salary and benefits, office supplies, accounting and/or clerical costs; Pre-K's portion of properly allocated rent, utilities, liability insurance, etc.; and other allowable direct and indirect costs incurred for the Pre-K program.

Total - Reflects the sum of Salary (lead and assistant) and Operating (benefits and classroom). The actual reimbursement may vary based on changes in class size, changes in lead teacher credential and number of days offering service.

Per Child Per Year - Total reflects 100% of funding from DECAL for an individual child for the 2023-2024 school year. The actual reimbursement may vary based on when the child enrolls in Georgia's Pre-K and the last day attended.

Per Child Per Month - Total reflects 100% of funding from DECAL on a monthly basis for an individual child. The actual reimbursement may vary based on when the child enrolls in Georgia's Pre-K and the last day attended.

Additional Notes:

- Transportation services are optional. Transportation reimbursement shall be provided for any Category One child transported to and from the program on a daily basis as reported on rosters. Transportation will be paid monthly at a rate of \$16.50 for each eligible child.
- The 2023-2024 Pre-K budget includes a \$2,000.00 salary increase for assistant teachers.
- The 2023-2024 Pre-K budget includes a \$2,000.00 salary increase for lead teacher base salary.
- Beginning in the 2023-2024 school year, providers are required to pay lead teachers 100% of the total base salary funded by DECAL.
- The 2023 - 2024 Pre-K budget includes a \$3,676.00 increase for Operating Classroom.
- The 2023 - 2024 Pre-K budget includes a 10.920% increase for the health benefit rate. This budget increase applies only to Public School providers.
- The Operating Benefits category includes the following percentages for benefits:
 - 23.760% for all Assistant Teachers
 - 23.760% for Lead Teachers with an Insufficient, Two-Year Degree or Four-Year Degree in Private Metro, Private Non-Metro and Public-School programs

- 23.760% for Lead Teachers with T4 or T5 certification in Private Metro and Private Non-Metro programs
- 50.884% for Public School Lead Teachers with T4 or T5 certification
 - Medicare Portion of FICA 1.450%
 - Retirement 19.980%
 - Health 29.454%

20.0 Audit and Accounting Requirements

20.1 Reconciliation Report

Pre-K providers must provide DECAL with a reconciliation report spanning the dates of the grant agreement. The purpose of the reconciliation report is to provide an actual accounting of all the providers' Pre-K funding expenditures related to Pre-K. This report shall demonstrate that funds were spent in appropriate categories for their intended uses. **Supporting documentation must be maintained and provided upon request from DECAL.** If a program is audited and receipts and other records are not available to support these amounts, funds must be returned to DECAL (See Section 17.1 and 17.7). Closeout procedures and forms regarding the 2023 - 2024 year-end reconciliation process will be forwarded to Pre-K providers during July 2024.

Shared Cost Allocation

Funds paid by DECAL for Pre-K services can be used to cover costs of the Pre-K program only and the Pre-K program's prorated share of other allowable costs expensed through normal operation of the facility. Allowable costs are those ordinary and necessary expenses directly benefiting or resulting from Pre-K program operations. **All Pre-K funding must be expended by June 30, 2024.**

Generally Accepted Accounting Principles (GAAP) provides authoritative guidance that must be followed for identifying the appropriate basis for allocating shared costs. The basis of allocating costs should be similar to the unit of measure for incurring the costs or consuming the expensed item. Examples include using a square footage basis for rent/mortgage expenses and utilities, and a per person or average daily attendance basis is appropriate for office supplies, management staff, and transportation services if provided. Expenses must be allocated using the most logical basis for the costs incurred. For example, food costs would be allocated based on the number of children rather than square footage.

Related Party Expenses

Expenses involving related parties must also be charged in accordance with GAAP. Related parties are one or more entities subject to the significant influence over the operating and financial policies of another entity. Providers involved in related party transactions with their centers should survey the surrounding business area and provide support that financial charges to the Pre-K program are within the range of same or similar arms-length transactions for their area.

Report Deadlines

Private providers must submit this reconciliation report by August 30, 2024, for the 2023 - 2024 school year. Local school systems must submit this reconciliation report by September 30, 2024, for the 2023 - 2024 school year. Providers must submit reconciliation reports electronically via PANDA (**See Appendix N for the Pre-K Year End Reconciliation Report**).

If a provider does not complete and submit the reconciliation report, Pre-K payments for the 2024 - 2025 school year will be withheld until the reconciliation report is received. Failure to submit the report may result in grant termination.

20.2 Balances Due to DECAL Pursuant to the Year End Reconciliation

Submitted reconciliation reports will be validated in PANDA. After the report is validated, an email with a link to the validation results and information regarding any funds due back to DECAL will be sent to the provider (see section 20.6). This email is considered official notification of funds due back. If the completed Pre-K Year End Reconciliation Report results in a balance due to DECAL, funds shall be required to be returned to DECAL. There are two options regarding these outstanding balances:

- Remit the balance in full by the deadline date.
- Submit a payment plan proposal with a 10% good faith payment by the deadline date (Please note, the total amount due must be paid in full by May 1, 2025).

Failure to pay the balance due shall result in DECAL withholding future Pre-K payments and/or other actions as directed by DECAL staff until the balance is paid in full.

20.3 Private Nonprofit (PNP) Audits

PNP Pre-K providers must adhere to audit requirements as specified in O.C.G.A. § 50-20-1 et seq., Relations with Nonprofit Contractors. Before DECAL enters into a grant agreement with a nonprofit contractor, the contractor must furnish DECAL with certified financial statements showing the nonprofit contractor's financial condition at the end of the previous fiscal year and revenues and expenditures for the previous fiscal year. When the nonprofit contractor has existed for less than a full year, the financial statements must cover year to date operations for the current year. The financial statements must include an individual list of each employee and his salary and reimbursable expenses; a list by category of the sources of income of the nonprofit contractor; and a list of the source(s) of all public funds received by the nonprofit contractor and the program for which the funds were received.

20.4 Right to Audit/ Agreed Upon Procedures (AUP) Review

DECAL reserves the right to require an independent, certified financial audit of the Pre-K program at the Pre-K provider's expense. DECAL reserves the right to conduct an Agreed Upon Procedures (AUP) review of the Pre-K Program.

DECAL may conduct audits and AUP reviews as specified in Georgia's Pre-K Program Grant Agreement for the 2023 - 2024 school year, Grant Obligations and Requirements Section III, Part C:

Grantee agrees to cooperate fully with Grantor auditors and/or agents providing Audit or Agreed Upon Procedures (AUP) review services. Grantee will coordinate with auditors/reviewers to have appropriate staff available during the scheduled audit/review period. Grantee will make advanced preparations for scheduled audits/reviews to make available for auditors or reviewers all identified documents, records, and entity related materials requested by the auditors/reviewers for the current school year, as well as for prior school years in which Grantee participated in Georgia's Pre-K Program as requested by the Grantor. Grantee's failure to substantially prepare for a scheduled audit engagement or provide requested documentation or information to

an auditor/reviewer during the scheduled audit period may result in the withholding of grant payments. The failure of Grantor to review and/or inspect the services provided or to discover a breach of this Grant or any amendment thereto shall not subsequently operate as a waiver of any remedies available to the Grantor.

If in the course of an audit or AUP review there are negative findings, the provider may be scheduled for an audit or AUP review for the subsequent school year at the discretion of DECAL.

20.5 Record Keeping Findings and Adverse Findings

Findings noted during the course of an audit, AUP review, or investigation that do not result in a balance of funds due back to DECAL are considered Record Keeping Findings. Examples include:

- Understatements of reported expenses compared to the reconciliation report
- Overstatements of reported expenses compared to the reconciliation report
- Variances between the expenditures reported on the Pre-K reconciliation and the allowable Pre-K expenditures supported during fieldwork

Findings noted during the course of an audit, AUP review, or investigation that result in a balance of funds due back to DECAL are considered Adverse Findings. Examples include:

- Failing to support unreimbursed food costs
- Failing to meet lead teacher salary requirements
- Failing to meet the instructional supplies and materials expenditure requirements
- Failing to support that payroll taxes were forwarded to the relevant taxing authorities
- Failing to support all expenditures of special allotment funding
- Failing to support that the use of all monies received from DECAL were used in accordance with applicable regulations and guidelines

20.6 Balances Due to DECAL Pursuant to an Audit, AUP Review or Investigation

If a Pre-K program is unable to support its expenditures with receipts and other records while having its financial records reviewed during an audit, AUP review, or investigation, funds shall be required to be returned to DECAL. There are three options regarding these outstanding balances.

- Remit the balance in full by the deadline date.
- Submit a payment plan proposal with a 10 percent good faith payment by the deadline date. The total amount due must be paid in full by May 1, 2025.
- Request Reconsideration - Submit all source documentation by the deadline date disputing the results of the audit, AUP review, or investigation findings.

Failure to pay the balance due shall result in DECAL withholding future Pre-K payments and/or other actions as directed by DECAL staff until the balance is paid in full.

20.7 Reconsideration – Audit, Agreed Upon Procedures Review (AUP), or Investigation

In order for an Audit, AUP review, or investigation findings to be reconsidered, providers must submit a formal request. The request must meet the following requirements:

- Submitted in writing
- Submitted with the Repayment Agreement document, provided by DECAL
- Made within 15 days of the notice of balance due letter from DECAL

- Include a detailed audit trail including all source documents necessary for DECAL to make a final decision in a timely manner.

20.8 Random Reviews

The Pre-K provider is subject to random, unannounced expenditure reviews by DECAL or DECAL contract auditors during the program year. All records (programmatic and financial) must be retained for a minimum of three years as stated in the grant agreement.

20.9 Multi-County Pre-K Provider Budgets

Multi-county Pre-K providers must maintain at least a minimum of one Pre-K program budget per county for DECAL reporting needs.

20.10 Tracking of Pre-K Funds

The Pre-K provider must maintain financial records to track Pre-K expenditures in accordance with generally accepted accounting principles (GAAP). All records must be retained for a minimum of three years as stated in the grant agreement.

The Pre-K provider is required to keep all receipts and other records necessary to support figures reported on the annual or mid-year reconciliation statement. If a Pre-K program is audited and/or subject to an AUP review or investigation, and the receipts and other records are not available to support these amounts, funds must be returned to DECAL. Examples of such records include, but are not limited to, federal and state payroll records to verify payment of lead teacher and teacher assistant salaries, original receipts for equipment, supplies and materials for Pre-K classrooms, credit/debit card statements, and documentation of the Pre-K portion of operating expenses.

20.11 Lost, Stolen, or Destroyed Records

In the event of natural or manufactured disasters, i.e., flooding, fire, hurricane, tornado, theft, etc., the Pre-K provider is responsible for providing third party verification to substantiate the disaster. Verification includes police reports, insurance company claims, photos, or other proof that support the disaster and must also include detail of the property impacted. Claims related to manufactured disasters must be made and filed within 30 calendar days of the incident. Claims related to natural disasters must be filed as soon as possible in accordance with insurance company regulations.

Lost, stolen, or destroyed records **will not** exclude an organization selected for an audit, AUP review, or an investigation from undergoing the scheduled review. DECAL reserves the right to request other supplementary documentation in lieu of supporting records that have been lost, stolen, or destroyed.

20.12 Fraudulent/ Inappropriate Use of Funds

The Pre-K provider shall ensure that expenses charged to the Pre-K funding source are not concurrently charged to another program funding source.

The Pre-K provider must ensure that no Pre-K funds are used to pay penalties associated with adverse actions imposed by licensing or governmental agencies. Pre-K expenditures should be identifiable as separate from federal expenditures (e.g., Head Start, CACFP).

Misuse of funds shall result in repayment of funds and denial of current and future participation in Georgia's Pre-K Program and/or in prosecution.

Providers that participate in any federal programs operated by DECAL and who are terminated from a federal program because of fraudulent or misrepresentative submission of records and/or inappropriate use of funds as determined by the federal program, shall also be terminated from the Pre-K program.

20.13 Special Allotment Funding

Special Allotment Funding is supplemental funding provided to eligible sites. If a supplemental funding is provided, DECAL will provide a separate set of guidelines regarding these funds, outlining how the funds are to be utilized. All Special Allotment Funding must be **expended by June 30, 2024**. The provider is responsible for maintaining accurate financial records, including receipts, onsite. All financial records are subject to audit and/or review by various oversight agencies including Georgia's Office of the Inspector General.

21.0 Other Considerations

21.1 Inappropriate Lead Teacher

Non-documented or insufficient information on lead teacher credentials, beginning with the first roster, may result in probation and may jeopardize current or future participation in the Pre-K program. (See Section 10.1)

21.2 Inappropriate Staff/Child Ratios

Non-documented or insufficient information on staff/child ratios may result in probation and may jeopardize current or future participation in the Pre-K program. (See Section 10.1)

21.3 Ineligible Birthdates and Lack of Birth Documentation

Proof-of-age eligibility must be on file the day the child begins the Pre-K program. Failure to remove or correct ineligible Pre-K student birthdates by the first roster (See Section 18.7 for first roster due date) may result in the site being placed on probation or termination of the grant. Providers will not be paid for children listed with ineligible birthdates or for children without birth documentation. (See Section 10.1)

21.4 Noncompliance

Serious or repeated instances involving noncompliance with program requirements (Pre-K, Child Care, Nutrition Services, Audit, or CAPS program) will result in probation or termination of the Pre-K grant agreement during the program year. All grant agreements for future services will be held pending resolution of outstanding issues. (See Section 10.1).

21.5 Request to Move a Pre-K Class

Georgia's Pre-K classes can be moved only to sites under the same ownership and only with approval from DECAL. To request permission to move a class, the Pre-K provider must complete the **Request to Move a Pre-K Class Form (Appendix O)** and submit the form to their Pre-K Specialist. Requests will be reviewed based on need in area, program enrollment, and program performance. Programs must receive written approval before moving a class. Moving a class without prior permission may result in probation and/or loss of funding.

21.6 Requests for a Georgia's Pre-K Program Change of Ownership

Georgia's Pre-K Program is generally non-transferable. When a center is sold after entering into a Georgia's Pre-K grant agreement with DECAL, change of ownership requirements must be met as determined by DECAL before a determination can be made as to the transferring of the Pre-K program to the new owner. Entities applying for transfer of classes must be agents who are eligible to receive Pre-K funds.

A request to continue services does not guarantee continuation of funding for the new owner. Funding decisions are at the discretion of DECAL. Therefore, entities requesting a change of ownership should not base business decisions on the assumption that Georgia's Pre-K will automatically approve the continuation of Pre-K classes once a request is processed. The Pre-K Division will notify the new owner of the continuation status of the Pre-K classes after the Child Care Services Division issues a valid license.

Pre-K payments are placed on hold during the change of ownership process. If the transfer of the Pre-K program is approved, the payment will be released, and the new owner may continue delivery of Pre-K services. It is understood that all equipment, supplies, and materials purchased for the Pre-K program remain with the program. It is also understood that the new owner accepts the conditions of the Pre-K grant agreement for the current school year. Additionally, if a program is not in good standing when the class(es) is transferred, the probation status is applied to the new owner. The seller is responsible for notifying the new owner of the probationary status.

Entities requesting a change of ownership must submit all information and documentation required by both the Pre-K Division and the Applicant Services Unit of the Child Care Services Division. The Pre-K Change of Ownership Request Application is available at <http://www.dec.al.ga.gov/Prek/OwnershipChangeRequest.aspx>.

21.7 Class Closures

Providers that are choosing to close and not operate one or more of their Georgia Pre-K classrooms at a site must complete the **Class Closure Notification Form (Appendix L)** and submit it to their Pre-K Specialist. The form must be completed and submitted by the Pre-K Project Director.

21.8 Operating a Private Pre-K Class

Providers should not operate partially or fully funded private classes in an effort to receive funding from DECAL. Providers must understand that operating private classes or funding classes at their own expense does not guarantee DECAL funding. Parents should be informed prior to the beginning of school if their children are enrolled in a class that is not funded by DECAL.

22.0 Reporting Requirements

22.1 Pre-K Application and Database Access (PANDA) Participation

Pre-K providers are required to use the PANDA system to conduct Pre-K related activities (rosters, application, waiting lists). Regular access to the internet and an e-mail address are required to use PANDA. Using PANDA allows providers to receive regular Pre-K payments as quickly as possible and reduces duplication of provider efforts related to child roster data.

22.2 2023 - 2024 School Year Critical Reporting Dates

Listed below are the critical reporting dates for submission of information to DECAL.

8/1/2023	Roster 1 Open for Data Entry
9/8/2023	Roster 1 Count Date
9/15/2023	Roster 1 Due Date – The Pre-K provider shall complete and submit to the Department a completed class roster including name of lead teacher.
9/15/2023	Waiting List Due Date – The Pre-K provider shall complete, in PANDA, waiting list information entry.
10/2/2023	Roster 2 Open for Data Entry
11/3/2023	Roster 2 Count Date
11/13/2023	Roster 2 Due Date – The Pre-K provider shall complete and submit to the Department an updated roster with changes made for students and teachers, as applicable.
11/13/2023	Waiting List Due Date – The Pre-K provider shall update, in PANDA, waiting list information entry.
12/8/2023	Roster 3 Open for Data Entry
1/12/2024	Roster 3 Count Date
1/19/2024	Roster 3 Due Date – The Pre-K provider shall complete and send to the Department an updated roster with changes made for students and teachers, as applicable.
1/19/2024	Waiting List Due Date – The Pre-K provider shall update, in PANDA, waiting list information entry.
2/9/2024	Roster 4 Open for Data Entry
3/8/2024	Roster 4 Count Date
3/15/2024	Roster 4 Due Date – The Pre-K provider shall complete and send to the Department an updated roster with changes made for students and teachers, as applicable. Submission of the last roster (#4) in March will be the final class data to be used in calculation of the remaining two payments other than the elimination of duplicate students as applicable.
3/15/2024	Waiting List Due Date – The Pre-K provider shall update, on PANDA, waiting list information entry.
4/5/2024	Funding approval deadline – The deadline for approval of playground and technology purchases by Pre-K Specialist.
4/5/2024	Requests for children to repeat Pre-K deadline – All requests to repeat Pre-K including supporting documentation must be received.
5/17/2024	Last day to dispute any payment for the school year. Supporting documentation must be faxed to 404-651-8576 or scanned to panda.finance@decalfga.gov . After May 17, 2024, all Pre-K payments will be final. Any disputed payments should be reported prior to May 17, 2024 with final resolution by May 24, 2024.
8/30/2024	Private provider 2023 - 2024 reconciliation reports are due to the Department.
9/30/2024	Public school 2023 - 2024 reconciliation reports are due to the Department.

23.0 Community Involvement

23.1 Participation

The existence of local coordinating councils is optional for each county. Providers are encouraged to participate in local collaborative partnerships at the local or county level to better serve children and prevent duplication of services.

23.2 Activities

For counties where local collaborative partnerships exist, the following activities are suggested:

- Update and distribute lists of local community resources to all Pre-K sites in the county
- Collaborate to provide services for children and families in need
- Develop procedures for referring children with disabilities
- Identify providers willing to donate medical services
- Provide forums for parents to share ideas and concerns
- Provide forums for discussing and solving local concerns/problems of providers and teachers
- Create and distribute a list of substitute teachers/teacher assistants who could be utilized by all providers
- Provide forums for sharing instructional practices
- Develop a process to share non-confidential wait list information
- Collaborate on recruiting children to ensure that all Pre-K slots are filled
- Provide forums for compiling and submitting suggestions to DECAL

23.3 Policy Development

Local collaborative partnerships that want to establish policy guidelines for providers in their communities must obtain **prior approval** from DECAL before beginning this effort.

24.0 Blended Head Start / Pre-K Classrooms

24.1 Definition

A blended classroom is defined as a class that has funding which is braided using both Georgia's Pre-K and Head Start dollars. Pre-K funding is used for the 6.5-hours of instruction and Head Start funding is used for the wrap-around support services.

24.2 Classroom Delivery

Blended Head Start Pre-K classrooms will operate with a maximum of 20 children enrolled, per Head Start guidelines. Full funding for Blended Head Start Pre-K classes is based on a class of 20; however, Pre-K payments are calculated using the per child funding amount. Classes with fewer than 16 children enrolled will be considered as "Low Roster" classes and may be subject to closure.

24.3 Attendance Requirements

Head Start policies regarding student attendance shall be followed in blended classrooms with respect to disenrollment of students due to chronic absenteeism or tardiness and late pick-ups. Providers must document efforts to contact parents and develop strategies to assist families in resolving attendance issues (contact log, conference notes, etc.).

24.4 Teaching Staff

Lead Teacher

All lead teachers must meet Georgia's Pre-K requirements for credentials and training (See Section 12.3), as well as Head Start requirements for credentials.

Assistant Teacher

All assistant teachers must meet Georgia's Pre-K requirements for credentials and training (See Section 13.3), as well as Head Start requirements for credentials.

24.5 Assessment

Blended programs must implement *Work Sampling Online (WSO)*. All components must be completed, as well as Head Start performance standards must be met. Head Start may have additional health screenings and standardized assessments.

24.6 Parent Conferences/Home Visits

Georgia's Pre-K guidelines require two family conferences. Georgia's Pre-K Child Assessment information must be reviewed with parents/ guardians in at least two of the visits/conferences. Programs may use a home visit to share assessment information with parent(s). Head Start requirements may require additional parent involvement activities.

24.7 Classroom Equipment, Materials, and Supplies

Blended classrooms must maintain adequate and appropriate equipment, materials, and supplies for each Pre-K classroom. All items must be in good repair. Refer to the ***Georgia's Pre-K Program Basic Equipment, Materials, and Supplies Inventory List*** for recommendations.

25.0 Montessori Classrooms

25.1 Prior Approval

A Pre-K program must have approval from DECAL before choosing Montessori as a curriculum. Requests for using a Montessori curriculum should be sent to the program's Pre-K Specialist.

25.2 Teaching Staff

Lead Teacher

All lead teachers must meet Georgia's Pre-K requirements for credentials and training (See Section 12.3), as well as Montessori requirements for credentials. A program using the Montessori curriculum must have a Montessori credentialed lead teacher.

Assistant Teacher

All assistant teachers must meet Georgia's Pre-K requirements for credentials and training (See Section 13.3), as well as Montessori requirements for credentials.

25.3 Attendance at Professional Development Training

All lead teachers and assistant teachers working in Georgia's Pre-K classrooms are required to meet the professional development requirement. This includes additional full-time staff in Montessori classrooms. Refer to Section 15.0 for additional information regarding professional development.

25.4 Classroom Equipment, Materials, and Supplies

Montessori classrooms must maintain adequate and appropriate equipment, materials, and supplies for each Pre-K classroom. All items must be in good repair. Refer to the ***Recommended Montessori Materials List (Appendix X)*** and the ***IQ Guide for the Montessori Learning Environment (Appendix Y)***.

25.5 Assessment

Montessori Programs are required to implement the *Work Sampling System*. All programs are required to use the online version *Work Sampling Online (WSO)*. Refer to Section 4.7 for additional information.

25.6 Parent Conferences

Information on each child's performance including the *WSO Narrative Summary* should be shared with parents or guardians at the two documented family conferences required during the school year. Documentation of these conferences should be kept in each child's on-site file.

26.0 Pre-K Inclusion Classrooms

Any Georgia's Pre-K classroom may include a child with a disability. However, a **Georgia's Pre-K Inclusion classroom** refers to a designated classroom in which Georgia's Pre-K, the Local School System, and/or private child care provider implement an approved collaborative instructional model. In this model students with and without an Individualized Education Program (IEP) learn together. These classrooms are approved for a reduced class size.

26.1 Prior Approval

A Pre-K program must have approval from DECAL before operating a Georgia's Pre-K Inclusion classroom. Requests and questions regarding inclusion classrooms should be submitted via email to prekinclusion@decalfga.gov.

Once approved, programs will receive the Inclusion Classroom Information Form and be required to submit the form via email to prekinclusion@decalfga.gov.

26.2 Enrollment

Students attending a Georgia's Pre-K Inclusion classroom who have an IEP are enrolled by the Local School System and placed in the Inclusion classroom. The student(s) with an IEP participate in the same classroom environment and daily opportunities as their peers without IEPs. However, additional support and accommodations may be necessary based on a student's IEP. Students with an IEP may be dually enrolled at the Local School System and in a Georgia's Pre-K Inclusion classroom. All students enrolled in a Georgia's Pre-K Inclusion class must be enrolled in accordance with DECAL Operating Guidelines for Georgia's Pre-K.

26.3 Teaching Staff

Pre-K Inclusion classrooms are staffed with additional personnel to meet the needs of the enrolled students. Generally, the classrooms are staffed with three teachers; a full-time general education lead and assistant teacher, funded by DECAL and a full-time Special Education teacher funded by the Local School System. If an alternative personnel structure is desired, prior approval must be obtained from DECAL.

26.4 Attendance at Professional Development Training

All lead teachers and assistant teachers working in Georgia's Pre-K classrooms are required to meet the professional development requirement. This includes additional full-time staff in inclusion classrooms. Refer to Section 15.0 for additional information regarding professional development.

26.5 Class Size

Georgia's Pre-K Inclusion classrooms have a minimum of five and a maximum of six students with an IEP. These classrooms have a maximum class size of 18 student's total.

26.6 Funding

The maximum class size for a Pre-K Inclusion classroom is 18. However, Inclusion classes will be paid for full enrollment of 20 students.

26.7 Parent Conferences

Information on each child's performance including the *WSO Narrative Summary* should be shared with parents or guardians at the two documented family conferences required during the school year. Documentation of these conferences should be kept in each child's on-site file.

Georgia's Pre-K Program Student Social Security Number Information Form

Today's Date: _____

The Georgia Department of Early Care and Learning (DECAL) requests families provide Social Security Numbers for children attending Pre-K. DECAL uses Social Security Numbers to insure accurate enrollment information, to help prevent fraudulent student attendance reporting, and to obtain a unique 10-digit identifier (GTID) for your child from the Georgia Department of Education. This GTID number will be associated with your child for the remainder of their schooling years instead of their Social Security Number. Social Security Numbers are not used by DECAL for any other purpose. The Social Security Numbers are not shared with any other vendors or third parties and, for security reasons, they are encrypted in our database.

While a Social Security Number is not required to attend Georgia's Pre-K Program, it is beneficial to both you and your child to provide this information. If a Social Security Number is not given for a child, DECAL requires that you specify a reason below to explain why the information is not being provided.

I, _____, as parent/legal guardian of _____,
am not able/willing at this time to provide DECAL with a Social Security Number because:

- I need help obtaining an SSN.
- I need help replacing a lost SSN.
- I am awaiting a replacement SSN and will provide it when it arrives.
- I forgot to bring the SSN and will provide within 30 days.
- I choose not to provide the SSN because _____

Georgia's Pre-K Program Suspension Notification Form

Suspension in Georgia's Pre-K Program is not used for punishment. The purpose of suspension is to give the student time away from the classroom, and the teacher an opportunity to assess the situation, consult with support personnel and develop strategies to help ensure the child's future success. **This form should be submitted to your Pre-K Specialist via fax or email.**

Today's Date: _____

Student Name: _____

Program Name: _____

Class: _____

Dates of Suspension: _____

Reason for Suspension:

Please list below the strategies the program and classroom have implemented, or plan to implement, that will support the student's success upon his/her return to the classroom. Include information regarding collaboration with support personnel (e.g., Pre-K Specialist, Inclusion Specialist):

Pre-K Guidelines 6.5

An immediate suspension for up to two days can be made at any time the Pre-K provider determines a child is causing harm to himself/herself or others; or, a child is unable to successfully participate in program activities. The purpose of immediate suspension is to allow the program an opportunity to plan for the child's successful participation in the Pre-K program and should not be used as punishment. Programs should contact their consultant if they need assistance with developing plans. Programs can implement immediate suspension up to two days at a time (**no more than five days during the school year**) per child. No Georgia Department of Early Care and Learning prior approval is needed; however, the program's Pre-K Specialist must be notified, using the *Suspension Notification Form*, that such action has been taken within 24 hours.

The Basic Equipment, Materials, & Supplies Inventory List can be used to conduct an inventory of current Georgia's Pre-K classroom learning environment to provide guidance for annual purchases. Newly funded and expansion Georgia's Pre-K classrooms are required to complete the document and request approval for use of start-up funds **prior** to making any purchases. Equipment, materials, and supplies for each Georgia's Pre-K class must be appropriate and facilitate a strong educational program. All items must be of quality materials and workmanship and meet the needs of the Pre-K children. Items purchased with Pre-K funds and the items included on this inventory must be available to children and teachers in the Pre-K program throughout the year. Use of the suggested supplies and materials require direct supervision by the teachers in the classroom. When selecting classroom materials and supplies, programs are encouraged to purchase items that reflect diversity in race and culture. **Teachers cannot be required to use personal funds to purchase equipment, materials, or supplies.**

Georgia's Pre-K Program **does not endorse** any vendor. All items listed do not have to be purchased in a single order or from the same vendor. Items may be consumable and need to be replaced/replenished, while others may last a year or longer. Some items can be supplied through other sources. For example, items on the list with a (*) are often referred to as Real and Found Materials. These items are "found" through donations or the items can be made by teachers. These materials add a "real" dimension to the instructional program and can be a cost saving measure.

Once the required level of equipment has been reached in all sections, programs may request to use funds to purchase technology related equipment, software, and/or playground equipment that does not appear on the Basic Equipment, Materials, and Supplies Inventory List. All such purchases require **prior approval** of the Pre-K Specialist. Providers should refer to the current school year Pre-K Providers' Operating Guidelines (Section 22.2) regarding critical submission dates for technology and/or playground expenditure requests.

Steps for completing the form for Newly funded and Expansion classrooms:

1. Complete an inventory of the new/expansion Georgia's Pre-K classroom and list the number of existing items in the "Existing" column. To be included as part of the inventory, items must be in good repair, include all pieces, and be designated for use in the Pre-K classroom.
2. Review the "Required" number of items needed. Based on the number of items in the "Existing" column, determine the number of items to be purchased with Pre-K funds. List the number of items in the "Pre-K Funds" column.
3. Sign/date and include the grand total of the items to be purchased with Pre-K funds on the last page.
4. Submit the document to the Pre-K Specialist or Quality Support Specialist for approval **prior** to making purchases.

Steps for completing the form for Continuation classrooms:

1. Complete an inventory of the continuation Georgia's Pre-K classroom and list the number of existing items in the "Existing" column. To be included as part of the inventory, items must be in good repair, include all pieces, and be designated for use in the Pre-K classroom.
2. Review the "Required" number of items needed to ensure minimum requirements are met. Once minimum requirements are met, Pre-K funds should be used to purchase additional materials/supplies to build the classroom inventory and have items available for rotation.

Georgia's Pre-K Program Suggested Topics to Discuss at Parent Orientation

An orientation for Pre-K parents should be provided within 20 days of the commencement of Pre-K services for children. Listed below are suggested topics for the parent orientation; however, the list is not inclusive and other relevant topics may be added. Remember to keep documentation (agenda, sign-in sheets) of the orientation in your on-site program files. An informal session should be provided to all parents who do not attend the orientation or who enroll their children later during the school year. Documentation of initial and follow-up orientation sessions should be kept on site for consultant review.

- Required documentation: proof of age, proof of residency, Georgia's Pre-K Registration Form, Georgia's Pre-K Roster Information Form, Social Security Number, Immunization - 3231 (30 calendar days), and DPH 3300 (90 calendar days)
- 6.5 hour instructional day (specific beginning and end times for your program)
- Absenteeism or tardiness (Georgia Department of Early Care and Learning policy)
- Meal fees (site's written fee structure for Category Two children)
- Before/After care and fees (site's written fee structure, CAPS)
- Category One eligibility and **REQUIRED** documentation (must be on file prior to first roster submission)
- School calendar
- Fee structure for non-Pre-K program days (school holidays/vacation)
- Transportation (if offered from your site) and written fee structure
- Georgia Early Learning and Development Standards (GELDS)
- Georgia's Pre-K Child Assessment Program (Work Sampling System Online)
- Family conferences (2 required annually)
- Referral process for suspected special needs (speech, behavior, developmental delay)
- Encourage parents to be involved (perhaps give a list of ways parents can be involved)
- Family Handbook (on DECAL website)
- Yearlong Kindergarten transition activities
- The role of the Pre-K teacher and assistant teacher
- Information about the site's chosen Pre-K curriculum
- Center policies and procedures (illness, closing for inclement weather, etc.)
- What your child's day will be like (daily schedule, meals)
- Developing a home/school partnership
- What to send with your child for Pre-K (blanket, extra clothes, book bag)

This list is intended to provide suggestions for topics that may be covered in orientation for Pre-K staff.

CAPS Referral for Georgia's Pre-K Program

School Year _____ to _____

Families with children enrolled in a lottery-funded Georgia's Pre-K classroom who meet income and activity requirements may receive assistance with the cost of extended day services through the Childcare and Parent Services (CAPS) program. These arrangements should be made between the family and the CAPS program.

- **Families requesting assistance with child care costs** should apply online and upload this form through Georgia Gateway (www.Gateway.ga.gov).
- Families who already receive CAPS should report Pre-K as a change through Georgia Gateway (www.Gateway.ga.gov) or by contacting your Family Support Consultant at 1-833-4GA-CAPS (833-442-2277).

Comments:

NOTE: Follow-up on "untestable" status of EEDs should occur. Parents should be assisted in getting the child re-screened. If the EED certificate box is marked "Needs Further Professional Examination," it is expected that documentation be on site to indicate that follow-up is occurring (doctor's notes, scheduled appointments, information from parents, etc.).

The Pre-K Roster Information Form is located in the Appendix of the Pre-K Providers' Operating Guidelines. Parents/guardians are required to complete this form once the child is enrolled in Georgia's Pre-K program (not before). The information on this form will be submitted on the Pre-K rosters and should be filed in the children's files.

Georgia's Pre-K Program Instructional Quality (IQ) Guide for the Learning Environment

This guide is to be completed by the lead teacher within the first thirty (30) school/business days of when teachers report and then signed, dated and submitted to the Director/Principal. Upon receipt of the completed IQ Guide, Directors/Principals may complete the form or designate a second reviewer. The designated reviewer should complete the document while in the classroom, compare results and provide feedback to the teacher. Directors/Principals should sign the form regardless of who is designated as the reviewer. A completed copy of **the IQ Guide for the Learning Environment** should be placed with the **Grant Requirement Checklist**. This document is designed to be completed at the beginning of the school year and used throughout the year to document changes. Although additional reviews are not required, Directors/Principals are encouraged to schedule a date for a second review. NOTE: Additional reviews can be required as deemed necessary by DECAL staff.

For the purpose of this document please use the following definitions:

Enough: 22 children or the number of children enrolled in the classroom

Some: enough for a small group of children (2 to 8 children)

Accessible: materials are located within the learning areas or in the classroom within easy reach of the children. Children can freely choose to use materials without asking for teacher permission or assistance.

Available: items are easily brought out for children's use for specific activities or to expand children's learning.

Additional definitions and clarifications can be found in the *FAQ for the Learning Environment*. Although completion of this guide is required within the first 30 days and a second review is recommended, monitoring and feedback can be given as often as desired. This document is intended to be a working document and teachers can write specific items needed under each area and the reviewer/director/principal can add dates when items are available/ordered/delivered or additional corrections are made.

Georgia's Pre-K Program Instructional Quality (IQ) Guide Montessori Learning Environment

Site Name: _____ **Teacher Name:** _____

Young children are active learners and need to touch, feel, experiment, and create within their learning environment. The most powerful motivator for young children to learn is the natural joy that comes from learning and exploring. In the Georgia's Pre-K Montessori classroom, the learning environment is organized, prepared, and structured according to Montessori method. Materials and activities are structured and changed to meet children's growing developmental needs and changing interests.

The Montessori classroom requires a well-planned and structured environment that meets children's developmental needs. The children are free to follow their own interests within this environment. The result is that children develop in a natural way and are highly motivated. Children develop self-discipline and master basic skills, at their own pace. The teacher is trained in each aspect of the curriculum and grounded in a rich understanding of child development, allowing lessons to be personalized to support each child's unique development.

A key element of the Montessori method is the 'Prepared Environment,' meaning that the physical appearance and arrangement of materials adhere to certain principles which focus on meeting the needs of the child. It is the teacher's role to prepare and maintain the environment. These principles include:

- Freedom of movement and freedom of choice for the children
- Structure and order in the arrangement and sequence of the materials
- Materials that provide active learning experiences
- Vertical grouping (in the age range from 2.5 to 6 years), with permission from Bright from the Start
- A closeness to nature and the natural world, with materials and activities that reflect the reality of life, not fantasy
- An atmosphere that is attractive, warm and inviting

For the purpose of this document, please use the following definitions:

Enough: all 22 children or the number of children enrolled

Some: enough for a small group of children (2 to 8 children)

Accessible: materials are located within the learning areas or in the classroom within easy reach of the children. Children can freely choose to use materials without asking for teacher permission or assistance.

Available: items are easily brought out for children's use for specific activities or to expand children's learning.

This guide is to be completed first by the lead teacher. This should be completed within the first thirty (30) school/business days of when teachers report and then signed, dated and submitted to the Director/Principal. Upon receipt of the completed IQ Guide, Directors/Principals may designate a second reviewer. The designated reviewer should complete the document while in the classroom, compare results and provide feedback to the teacher. Directors/Principals should sign off at the end regardless of who is designated as the reviewer. A completed copy of the *IQ Guide for the Learning Environment* should be placed with the *Grant Requirement Checklist*. This document was designed to be fluid and used throughout the school year to document changes. Although additional reviews are not required, Directors/Principals are encouraged to set a date for a second review. NOTE: A second or additional reviews can be required as deemed necessary by the Pre-K Specialist.

Additional definitions and clarifications can be found in the *FAQ for the Learning Environment*. Although completion of this guide is required within the first 30 days and recommended for a second review, monitoring and feedback can be given as often as desired. This document is intended to be a working document and teachers can write specific items needed under each area and reviewer/director/principal can add dates when items are available/ordered/delivered or additional corrections are made.

Classroom Environment and Display				
<p>Research shows that when children are in an attractive, inviting environment they perform better and are happier.</p> <p>In a Montessori environment for young children, the children’s process of creation is emphasized over the products of their work. Therefore, children’s work may not be displayed in the classroom after it is completed. Classroom walls should be sparsely decorated with objects of art, which are rotated on a regular basis.</p>

Language and Literacy				
<p>The Montessori approach is a very hands-on and tactile experience for children preparing to read and write. Experiences in the Practical Life and Sensorial areas offer repeated experiences transferring, pouring, grasping, squeezing, and pinching that have strengthened small finger muscles in preparation for writing. Additional learning tools are used to focus on writing, such as metal insets, sandpaper letters and the moveable alphabet with the direct aim of improving muscle coordination. Language exercises take the child from the concrete, such as working with objects and matching them to the correct beginning sound, to the more abstract work of matching objects or pictures to words. A rich language area with unique materials, books and experiences such as story times, picture discussions, poetry, rhymes, questioning games and discussions involves the teacher as a language role model for the classroom.</p>

Practical Life				
The Practical Life area offers non-traditional classroom experiences that connect the child to the real world and provide a link between the school and home. Four primary areas provide these opportunities: Care of Self, Care of the Environment, Grace and Courtesy, and Control of Movement. Practical life experiences provide opportunities to: gain independence, refine coordination, enhance concentration, think sequentially, be attentive to detail, establish a sense of order and develop poise. As these skills are being learned, the intent is for children to gain a sense of pride, independence and self-discipline.

Sensorial				
Sensorial materials are specifically designed to educate and refine the child's senses, each targeting an isolated sense as well as being self-correcting. The initial purpose is geared for moving from the concrete to abstract processes. This area involves manipulation of specifically designed didactic materials. The use of didactic materials such as long rods, the pink tower, the broad stair, and the knobbed cylinders not only stimulates a specific sense but also entails a degree of difficulty that provides necessary concentration to develop mathematical thinking.

Math				
The Montessori teacher utilizes hands-on materials to provide the child with a simple, clear understanding of the mathematical concept being taught; examples are: number rods, sandpaper numbers, ten and teens boards, number tiles, beads and games. Each exercise builds upon another, gradually guiding the child's mathematical mind from the concrete to the more abstract areas of numeration, place value, addition, subtraction, multiplication and fractions. At the Pre-K age, children move progressively toward the more abstract concepts, as appropriate for each child.

Botany, Zoology, Science				
Children are curious about the things that are in their world. In a science area young children question, become scientists, and explore and learn about new materials. The science area allows children to examine things closely, compare and contrast, and draw conclusions about observations. The well equipped science area allows children to explore living and non-living things, but most importantly encourages them to learn about the biological and physical world.

Geography, Cultural Lesson, History, Social Studies				
The Montessori classroom invites children to fulfill their natural curiosity to learn about their world. Geography, history, and social studies fall under the general category of Cultural Studies. Geography in the Montessori classroom is the introduction to our place in the world: land, air, water, land and water forms, globes and maps, the seven continents, flags, layers of the earth, our solar system and an overall respect for different cultures and people. History concepts are taught through the use of a daily calendar, simple time lines and celebrations.

Art				
The purpose of art in the preschool classroom is to allow children to explore artistic media and to provide a vehicle for creative expression of each individual child. As young children begin to experiment with different media, they begin to understand their world and how to control the tools they use. Young children are very creative and enjoy using art materials to express their ideas. In the preschool years the process of creating is more important than the product the children develop. The Art Center should be a safe, comfortable area supplied to allow the freedom of creative expression with materials and teachers who support these endeavors.

Music				
Music provides an opportunity to reinforce other areas of the curriculum, such as reading readiness, dramatic play, math development and gross motor development. Children develop musical skills by singing, playing rhythm instruments, moving to music, listening to music and being creative with music. A classroom environment should be established where children can experiment with sounds while creating their own music.

Physical Development				
Gross motor activities develop the large muscles of the body and enable children to develop mastery of body movements. As children develop mastery over their bodies, their self-esteem increases. Early experiences with gross motor activities lay a foundation for a lifetime commitment to physical fitness. In order to develop their large muscles, children need daily access to balls, jump ropes, wagons to pull, slides, and a climbing apparatus. Other activities like marching, running, jumping, bending and dancing also contribute to the development of the whole body. The outdoor play area provides a space for children to run and play.

SAMPLE GEORGIA'S PRE-K AT-WILL EMPLOYMENT AGREEMENT*

I. PARTIES

This Employment Agreement ("Agreement") is entered into as of the Effective Date below by and between _____, an individual (hereinafter "Teacher" or "Employee") and _____, A Georgia's Pre-K Program Provider (hereinafter "Provider" or "Employer") located at _____. The Provider and the Teacher are collectively referred to as (the "Parties") or individually as ("Party"). The Georgia Department of Early Care and Learning: Bright from the Start (hereinafter "DECAL") is not a party to this Agreement. The Parties agree that the Teacher is an employee of the Provider, not DECAL or the State of Georgia.

If Provider is a licensed Child Care Learning Center, the Parties shall comply with all Rules and Regulations for Child Care Learning Centers as set forth in Ga. Comp. R. & Regs. 591-1-.01, *et. seq.* and O.C.G.A. § 20-1A1, *et. seq.*, including, but not limited to Teacher having a satisfactory comprehensive record check determination prior to being present at a facility when children are present for care, as required by O.C.G.A. § 20-1A-30, *et. seq.* and Rule 591-1-.09.

II. THE PARTIES MUTUALLY AGREE AS FOLLOWS:

1. The Agreement will begin on the _____ day of _____, 20____ (the "Effective Date") and continue through the _____ day of _____, 20____ unless amended in writing. Notwithstanding, the Provider and Teacher agree that the Teacher's employment is at-will. As such, this Agreement is subject to termination by the Teacher or Provider at any time with or without notice, and with or without cause. Nothing in this Agreement, or in any of the Provider's policies or procedures, should be interpreted to eliminate the at-will employment status of the Teacher.
2. The initial job title of the Teacher will be Lead Teacher Assistant Teacher.
3. The Teacher's primary place of work will be at the following location:

III. EMPLOYER AGREEMENT

1. Compensation paid to the Teacher for the services rendered by the Teacher as required by this Agreement ("the "Compensation") will include a base salary of \$ _____ (dollars) per year and supplemental compensation of \$ _____ (dollars) (if eligible). The compensation will be paid over 10 months prorated over 12 months.
 - i. Actual compensation may vary based on number of days worked, change in credential type, or change in Creditable Years of Experience (CYE). Actual compensation is based on the number of hours worked and will be paid at a rate of \$ _____ per hour. Lead teacher compensation has two components: base salary and supplemental compensation. Base Salary is based on the teacher's verified credential(s). Supplemental compensation is based on the teacher's creditable years of experience. The Provider will provide Teacher written information explaining the base salary and supplemental compensation (if eligible). Provider agrees and certifies that the salary provided to Teacher, as set forth above, includes all base salary and additional compensation to which the Teacher is eligible as set forth in the Pre-K Providers' Operating Guidelines.

*This Sample Agreement is provided for illustrative purposes only. There is no requirement that this Agreement, or any specific language contained in the Agreement, be used to comply with the current year's Pre-K Provider's Operating Guidelines. The Georgia Department of Early Care and Learning: Bright from the Start (hereinafter "DECAL") is not a party to this Agreement.

- ii. This Compensation will be payable every week two-weeks twice a month monthly while this Agreement is in force. The Provider is entitled to deduct from the Teacher's Compensation, or from any other compensation in whatever form, any applicable deductions and remittances as required by law.
- iii. If the Teacher quits without notice, resigns, or is terminated before the end of the school year, the Employer will compensate the Teacher for the total number of hours worked prior to the termination of the employment relationship. If the teacher was paid a 12-month prorated salary and leaves employment before the end of the school year, the Employer is responsible for paying the teacher the portion of the salary that was withheld with intent to pay over the summer to account for the prorated term.
- iv. If DECAL provides additional salary funds to the Provider to pay the Teacher as a bonus, the Employer will pay the Teacher according to the guidelines and requirements provided for the bonus.

2. Benefits (if offered)

- i. The Teacher will be entitled to only those benefits that are currently available as described in the lawful provisions of the Provider's employment booklets, manuals, and policy documents. The following benefits are being offered:
- ii. Employer discretionary benefits are subject to change, without compensation, upon the Employer providing the Teacher with 60 days written notice of that change and providing that any change to those benefits is taken generally with respect to other employees and does not single out the Teacher.
- iii. The teacher will receive the following number of paid sick leave days during the term of the Agreement:
- iv. The Teacher will receive the following paid vacation or personal leave (if offered by the provider) during the term of the Agreement:
[If offered, the times and dates for any leave will be determined by mutual agreement between the Teacher and the Provider. Upon termination of employment, the Provider will compensate the Teacher for any accrued but unused vacation pay.]

3. The Employer will reimburse the Teacher for all reasonable expenses, in accordance with the Employer's lawful policies as in effect from time to time, including but not limited to, the purchase of classroom materials and supplies the Employer approved the Teacher to purchase and any travel expenses incurred by the Teacher in connection with the business of the Provider such as training and professional development. Expenses will be paid within a reasonable time after submission of acceptable supporting documentation.

IV. TEACHER AGREEMENT

1. The Teacher agrees to be employed on the terms and conditions set forth in this Agreement. The Teacher agrees to be subject to the general supervision of and act pursuant to the orders, advise and direction of the Provider. Teacher agrees to devote full-time efforts, as an employee

*This Sample Agreement is provided for illustrative purposes only. There is no requirement that this Agreement, or any specific language contained in the Agreement, be used to comply with the current year's Pre-K Provider's Operating Guidelines. The Georgia Department of Early Care and Learning: Bright from the Start (hereinafter "DECAL") is not a party to this Agreement.

of Provider, to the employment duties and obligations as described in this Agreement. The services or work to be performed by the Teacher are included in Attachment A.

3. The Teacher agrees to enroll in the Georgia Professional Development System (GaPDS) and provide all required supporting documents prior to performing any work or services under this Agreement.

4. The Teacher will attend annual trainings to meet and maintain the Professional Learning Requirements set forth in the Pre-K Providers' Operating Guidelines. The Provider and Teacher will develop a Professional Learning Plan for Teacher to use as a tool to help plan a career, guide development and assess progress toward professional learning goals. The Professional Learning Plan should include identified areas for improvement and growth, specific professional learning activities to address these areas (including Pre-K training attended), timelines for completion, hours accrued, and reviews of progress toward goals.

5. The Teacher understands and agrees that any additional compensation the Provider pays to the Teacher from non-DECAL funds in the form of bonuses or other similar incentive compensation will rest in the sole discretion of the Provider.

IV. MISCELLANEOUS TERMS

This Agreement shall be binding upon and inure to the benefit of the parties to this Agreement and their respective heirs, executors, administrators, legal representatives, successors, assigns, and agents.

If any of the provisions of this Agreement are or become illegal, unenforceable, or invalid, in whole or in part for any reason, the remainder of this Agreement shall remain in full force and effect without being impaired or invalidated in any way.

The failure of either party to exercise or enforce any term of this contract will not waive the right to exercise or enforce that term in the future.

This Agreement may be executed in counterparts, each of which is deemed an original, but all of which together are deemed to be one and the same agreement. A signed copy of this Agreement delivered by facsimile, email, or other means of electronic transmission is deemed to have the same legal effect as delivery of an original signed copy of this Agreement.

2023 - 2024 Georgia's Pre-K Rate/Per Child Estimate Chart

The 2023 - 2024 Georgia's Pre-K Rate/Per Child Estimate Chart is designed to help Georgia's Pre-K Program Grantees estimate the amount of grant funding for an individual class with full enrollment. The Rate Chart is not intended to provide an exact funding amount. The actual reimbursement may vary based on changes in class size, changes in lead teacher credential and number of days offering service. Payment calculations for operating costs are based on student enrollment and the lead teacher credential for each class as reported on the submitted Pre-K roster. Payment for lead and assistant teacher salaries are based on the salary rates reflected in sections 12.3 and 13.4 of the *Pre-K Providers' Operating Guidelines*. The rates do not include Creditable Years of Experience pay for lead teachers, start-up funds, sparsity allowances, or transportation funds.

Steps for Using the 2023 - 2024 Georgia's Pre-K Rate Chart and Clarification Notes

1) Select the credential level for the lead teacher. Refer to Section 12.3 of the *Pre-K Providers' Operating Guidelines* for details regarding qualifications and conditions for the credentials listed in the Rate Chart.

2) Identify Pre-K provider type and service area:

Public School = All Public County, City, or Charter Schools.

Private = All other programs that are not Public County, City, or Charter Schools.

Metro Area = Camden, Cherokee, Clayton, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Hall, Henry, Paulding, and Rockdale Counties.

Non-Metro Area = All other counties not listed as Metro.

Salary Lead - Total reflects 100% of salary funded by DECAL for lead teacher base salary. Base salary is based on the teacher's verified credential(s). Beginning in the 2023-2024 school year, providers are required to pay lead teachers 100% of the total base salary funded by DECAL. The Rate Chart does not include Creditable Years of Experience (CYE) pay for lead teachers. For additional information about CYE and compensation, refer to sections 12.7 and 12.8 of the *Pre-K Providers' Operating Guidelines*.

Salary Assistant - Total reflects 100% of the salary funded by DECAL for assistant teacher salary. Providers are required to pay assistant teachers 100% of the total salary funded by DECAL.

Operating Benefits - Total reflects 100% of funding from DECAL for lead and assistant teacher benefits. Examples of benefits include: health insurance, life insurance, flexible benefits such as dental and vision, dependent child care, and the provider's portion of federal and state taxes. Offering benefits is at the discretion of the Pre-K provider. If an employer decides not to offer benefits, the benefit amount can be utilized to pay additional salary over the minimum salary requirements or the funds can be expended for Operating Classroom expenses.

Operating Classroom - Total reflects 100% of funding from DECAL for expenses related to the operation of Georgia's Pre-K. Examples of classroom operating expenses include: instructional supplies and materials/items included in Appendix H of the *Pre-K Providers' Operating Guidelines*; professional development costs including mileage, meals, parking, lodging, etc.; Pre-K's portion of the director's salary and benefits, office supplies, accounting and/or clerical costs; Pre-K's portion of properly allocated rent, utilities, liability insurance, etc.; and other allowable direct and indirect costs incurred for the Pre-K program.

Total - Reflects the sum of Salary (lead and assistant) and Operating (benefits and classroom). The actual reimbursement may vary based on changes in class size, changes in lead teacher credential and number of days offering service.

Per Child Per Year - Total reflects 100% of funding from DECAL for an individual child for the 2023-2024 school year. The actual reimbursement may vary based on when the child enrolls in Georgia's Pre-K and the last day attended.

Per Child Per Month - Total reflects 100% of funding from DECAL on a monthly basis for an individual child. The actual reimbursement may vary based on when the child enrolls in Georgia's Pre-K and the last day attended.

Additional Notes:

- Transportation services are optional. Transportation reimbursement shall be provided for any Category One child transported to and from the program on a daily basis as reported on rosters. Transportation will be paid monthly at a rate of \$16.50 for each eligible child.
- The 2023-2024 Pre-K budget includes a \$2,000.00 salary increase for assistant teachers.
- The 2023-2024 Pre-K budget includes a \$2,000.00 salary increase for lead teacher base salary.
- Beginning in the 2023-2024 school year, providers are required to pay lead teachers 100% of the total base salary funded by DECAL.
- The 2023 - 2024 Pre-K budget includes a \$3,676.00 increase for Operating Classroom.
- The 2023 - 2024 Pre-K budget includes a 10.920% increase for the health benefit rate. This budget increase applies only to Public School providers.
- The Operating Benefits category includes the following percentages for benefits:
 - 23.760% for all Assistant Teachers
 - 23.760% for Lead Teachers with an Insufficient, Two-Year Degree or Four-Year Degree in Private Metro, Private Non-Metro and Public-School programs
 - 23.760% for Lead Teachers with T4 or T5 certification in Private Metro and Private Non-Metro programs
 - 50.884% for Public School Lead Teachers with T4 or T5 certification
 - Medicare Portion of FICA 1.450%
 - Retirement 19.980%
