**Sponsors needed to serve meals to children during the summer**

**ATLANTA, Ga., (December 12, 2011)** – The Summer Food Service Program (SFSP) is looking for eligible sponsors to serve nutritious meals to children throughout Georgia for the summer of 2012. The SFSP, administered by Bright from the Start: Georgia Department of Early Care and Learning (Bright from the Start), is funded by the U.S. Department of Agriculture (USDA).

The SFSP provides free meals to eligible children in low-income areas during the summer months when students are out of school where they would normally receive breakfast and/or lunch. Approximately 3.6 million meals were served through the SFSP during the summer of 2011, an increase of 9.3% from the previous year. Bright from the Start is looking for additional sponsors to serve even more meals to children who receive free and reduced price lunches during the school year.

The following entities can qualify as sponsors: public or private nonprofit schools; universities, colleges, or camps; units of local government; private nonprofit organizations, including faith-based organizations considered tax exempt by the IRS.

Sponsors can operate the program and feed children at sites such as schools, churches, recreation centers, community and migrant centers, and other local community areas where children congregate and play. Sponsors are reimbursed according to federal guidelines for the meals they serve. They can prepare and serve meals themselves, receive bulk items from a vendor or contract with a food service management company to prepare meals for the program.

Sponsors receive training regarding the application process; setting up and operating a successful SFSP; nutrition education; and they receive technical assistance during the time the program is operating.
