### USDA SFSP Study Seeks Sponsor Participation

USDA has sponsored a study to be conducted by Optimal Solutions Group, LLC to examine factors that affect the participation of sponsors, sites and children in the SFSP across the United States.

Approximately 300 sponsors have been selected from across the country to participate in the "Evaluation of SFSP Characteristics." These sponsors will be asked to complete a survey later this summer.

Optimal Solutions Group, LLC will hold an optional webinar for these sponsors Wednesday, June 17th at 3 PM EST to explain the study and answer any questions that sponsors have.

If you are chosen to participate in the study, you will receive a letter via email to explain the purpose of the study and information that will be collected.
