Welcome to the Change of Ownership Tutorial
Do any of the following apply?

• Are you looking to buy an existing child care business, building, or property that remains in continuous operation?

• Are you looking to move into a vacated child care facility that had a license and begin operation within 30 calendar days of the previous owner moving out?

• Are you the current owner of a child care facility, and have changed the ownership type?

• Have you downloaded and printed/reviewed the rules and regulations for Child Care Learning Centers (found on the website) and the Change of Ownership Applicant’s Guide to Licensing?
A Change of Ownership is required when....

- A new owner buys an existing child care business, building, or property that remains in continuous operation. The transaction is not complete and legal until there has been a closing. (Note: Closing is defined as the legal and financial transaction that transfers ownership from one party to another.)

- A new owner moves into a vacated child care facility that had a license and begins operation within 30 calendar days of the previous owner moving out, it is processed as a change of ownership.

- The current owner of a child care facility changes the ownership type (ex: from Individual to Corporate (Inc. or L.L.C.), it is processed as a change of ownership.
