CURRICULUM DETAILS

Each package includes The HighScope Preschool Curriculum Kit and online professional learning courses.

The HighScope Preschool Curriculum has been thoughtfully curated to support early childhood educators and ensure that the implementation of the HighScope Curriculum is successful and effective. To help programs more easily identify when and how to use each resource throughout implementation, we've created three curriculum categories, *The Essentials + The Learning Environment + Intentional Planning*. Together, the resources included in this simple, three-step approach, allows your program to immediately begin creating a child-centered learning environment with a high level of engagement, exploration, and enthusiasm.

HighScope's professional learning courses compliment the HighScope Curriculum and help to ensure your implementation is a success. Moderated by HighScope's highly-qualified instructors, our online courses offer flexibility and unmatched one-on-one support for individuals and teams at all experience levels. Each course features active engagement and collaboration while providing practical application, inspiring ideas, and effective strategies that can be immediately applied in the classroom.

InvestiGator Club Prekindergarten Learning System

Teaching with Investigations

- The InvestiGator Club® is a fully-integrated curriculum with a strong focus on STEAM and literacy experiences, social-emotional development, and family engagement. Our philosophy balances active child-centered learning through play with intentional teacher-directed instruction in seven inquiry-based Investigations. Each Teacher Guide is your roadmap for an Investigation. The built-in flexibility in every single guide lets you teach your way. You can infuse your own activities and routines along the way, or you can simply follow suggested lessons and routines in The InvestiGator Club. Either way, you can be confident that you're covering all learning domains for pre-K and engaging children in the very best research-based practices.

STEAM and Literacy Challenge

To be used in conjunction with The InvestiGator Club Prekindergarten Learning System.

In accordance with NAEYC recommendations, Robert-Leslie Publishing offers STEAM and Literacy Challenge to make sure that ALL young children have access to appropriate resources to practice new skills, and that children are consistently challenged beyond their current mastery. The program introduces emergent reading and writing experiences, as well as higher-level thinking and approaches to STEAM.

- 100 Leveled Readers, Levels A-E
- STEAM and Literacy Challenge Teacher Guide

Note: This is a supplement that can only be used with the comprehensive learning system.

Dilly's Tree House Family Engagement Program (per student per year)

Your classroom is humming with InvestiGator Club activities that spark children's natural curiosity, get kids up and moving, and engage them in inquiry-based experiences. But what happens to all that great learning when the kids go home?

Dilly's Tree House provides 7 investigation packs to engage families through purposeful play, shared reading, and fun and simple learning activities. When used with the InvestiGator Club, the packs provide valuable family tools to stimulate meaningful conversations about the characters, stories, and activities children experience in school.

7 Family Packs each include the following:

- Postcard from one of the InvestiGator Club characters
- Dilly and Friends® Little Book
- Posters and Stickers
- Kindergarten Readiness Checklist
- Online Resources
- Play and Learn Guide

Awards

- Association of American Publishers REVERE Awards for Supplemental Curriculum and Beyond the Classroom
- Creative Child Magazine Media of the Year
- Teacher's Choice For the Family

Dilly's Tree House is aligned to NAEYC and Head Start guidelines for family engagement and may be used with InvestiGator Club or independent of the curriculum. The program is also perfect for family childcare and homeschool settings.
