

**Monday, May 11<sup>th</sup>**

## **Music and Movement**

[Under the Sea](#)

[Move Like a Sea Animal](#)

[Submarine](#)

## **Phonological Awareness**

### *Sea Animal Syllables*

Clap the syllables (word parts) in each of the following words:

Fish, turtle, whale, dolphin, seal, jellyfish, crab, seahorse, octopus, lobster, stingray, squid, starfish

## **Literacy**

Read [Commotion in the Ocean](#) by Giles Andreae and discuss all of the unique sea creatures for each letter of the alphabet! Can you find the rhyming word pairs on the pages of the story?

## **Math**

### *Addition story problems*

Parents share the math stories below.

Help your child write the number sentence and draw a picture to support each story problem.

4 dolphins are swimming in the ocean and 2 dolphins swim over. How many are in the ocean now?

6 crabs are on the beach. 4 crabs are near the water. How many crabs are there all together?

5 jellyfish float in the water. 3 more float over. How many jellyfish are floating in the water?

1 mama turtle is on the beach. 7 baby turtles hatch. How many turtles are in the family?

Challenge: 4 yellow fish, 3 red fish and 2 blue fish swim by. How many fish swim by?

## **Writing**

### *Let's Make a Book!*

Use the letters in your child's name to help him make an Ocean Animals book. Have your child write one letter from his name at the top of each page, then illustrate the page with an ocean animal that starts with each letter.

For example: JOSH – J is for Jellyfish, O is for Octopus, S is for starfish, H is for humpback whale!

Post pictures of you and your child learning together using #gaprekathome
