

Supporting Onsite Learning for Virtual Education Program

Georgia's Virtual-Only School Districts

Overview

The Georgia Department of Education reports that the following school districts are using a virtual-only learning model. Families whose students attend these school districts will meet the school district eligibility requirement for a SOLVE scholarship. Additional information on the eligibility requirements for a SOLVE scholarship [is available here](#).

Eligible School Districts

DECAL will update the list of virtual-only school districts as we receive updates from the Georgia Department of Education. This document was last updated on **September 18, 2020 and is effective as of September 19, 2020.**
