The Ideal Curriculum for Children in Preschool

If children are offered suitable opportunities to learn, they can do more than just fly; they can soar!

- Dr. Bisa

Early Care and Education has NEVER seen a curriculum like WINGS!

WINGS: The Ideal Curriculum for Children in Preschool is an active and interactive learning system for effectively organizing and implementing developmentally and culturally appropriate practices based on the interests, needs and skill levels of children from birth to age 5.

WINGS is an acronym for Wonder, Interests, Needs, Goals, and Skills. The framework guides adults in using children’s W-I-N to teach G-S—a WIN-WIN strategy! 😊
