

Beginning with the 2026–2027 school year, all qualifying public schools that operate Georgia’s Pre-K programs AND offer after-school programs must make those programs available to Pre-K students on the same basis as all other enrolled students. For purposes of this requirement, an “after-school program” is any program conducted after regular school hours. School districts that are unable to provide after-school services to Georgia’s Pre-K students are required to submit a waiver on a yearly basis.

- For more information about this requirement, see [Georgia House Bill 1123 \(O.C.G.A. § 20-2-308\)](#).
- Submit the completed request to prekbusiness.support@dec.al.ga.gov.
