

CLASSROOM SUPERVISION

Stay close. Stay engaged.
Keep children safe.

Remain present and attentive to actively scan the classroom to keep children safe. No use of electronic devices.

Position teachers throughout the classroom. Ensure there are no blind spots, even during routine care.

Set up the classroom to ensure no physical barriers to supervision and set up interest centers to prevent running lanes and increase organized play spaces.

Prevent accidents before they occur by positively guiding children to safe choices in their play.

Stay engaged with the children. Rotate throughout the classroom, having conversations to encourage and extend their play.
